Trio Charged After Wild Kidnaping Spree

HOOVER SHOUTS OUT, DENIES HE IS UNBALANCED

Court Adjourns After Outburst By Accused Murderer

NEW ORLEANS, Oct. 25 (AP) — Louis Eugene Hoover shouted at his murder trial late today, "I'm not insane," and then suffered a seizure which required a half dozen men to quell.

The outburst came during the testimony of a neuropsychiatrist who said he believed Hoover was insane at the time he was alleged to have killed James Mahoney, 55-year-old Virginia millionaire.

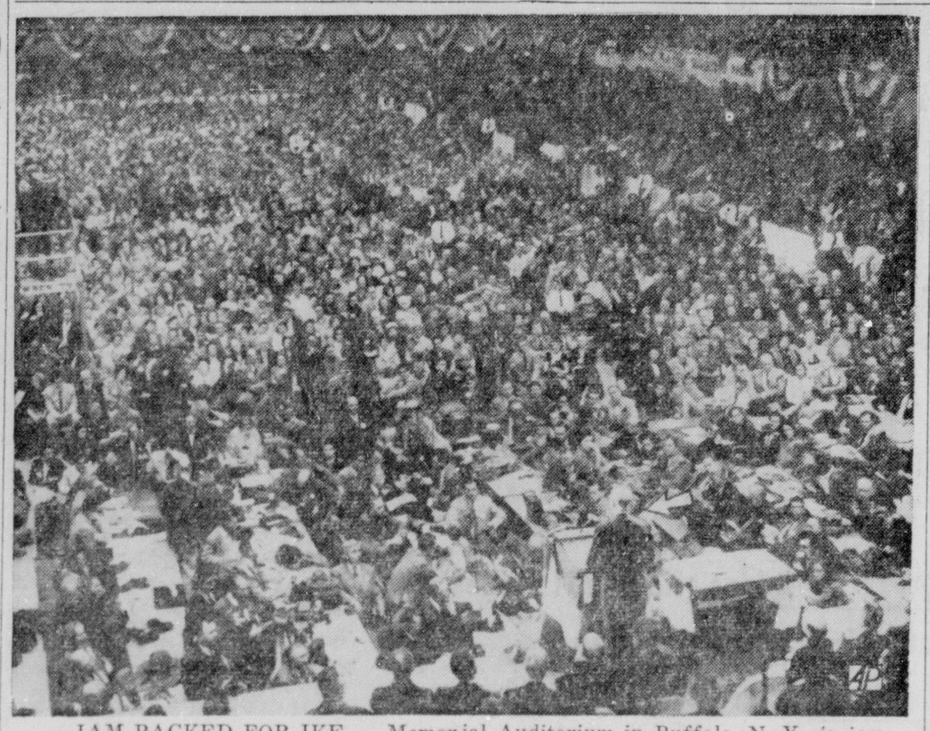

Judge J. Bernard Cocke immediately ordered the jury retired and the courtroom cleared. Shortly afterward, when Hoover had been calmed down and remanded to the parish prison, Judge Cocke adjourned court until 9:30 a. m. (CST) Monday. He told the jury "It would be improper or unfair to proceed in the light of what happened."

After Hoover struggled with court attaches and one of his lawyers, he was made to stretch out on the courtroom floor. Blood had drained from his face, his breathing was heavy and his eyes were bleary.

Dr. Walter Bromberg of Sacramento, Calif., who was on the witness stand when Hoover went into the rage, examined him and said: "That's a seizure. Look at him."

Just before the incident, Dr. Bromberg testified that Hoover had been suffering from mental derangement at the time of Mahoney's death and did not know right from wrong or what to do.

Today's testimony consisted almost entirely of defense efforts to press the insanity angle in an effort to save Hoover from the electric chair.

THOMPSON URGES EARLY RESPONSE ON C OF C ISSUE

Letters Mailed To West Monroe Merchants Asking If They Want Chamber

M. Kelley Thompson, president of the West Monroe Businessmen's Association, said yesterday "it is still a little early" to determine whether businessmen of West Monroe will endorse a WMBA proposal to organize a Chamber of Commerce.

Thompson urged early response from merchants.

Letters have been mailed to approximately 300 West Monroe firms asking a yes or no answer in the matter. The mimeographed letter also asks each firm how much it would be willing to pledge toward financing the chamber.

A special committee of the WMBA, after a survey, estimated that at least $10,000 annually would be required to finance an effective chamber of commerce organization for West Monroe. The questionnaires, when returned, are expected to shed some light on whether or not an effective organization can be financed.

Thompson said that in the event the merchants and businessmen approve the organization and assure adequate financing an "experienced and trained chamber man will be hired full time." Thompson said such a man is not likely to be found locally.

Last week, when questionnaires started going out, Thompson said "this is West Monroe's chance to give a yes or no answer on the chamber issue."

All the letters were not put into the mail until late last week. Some replies have already been received from the letters mailed last week but Thompson said 'it is a little early to determine what the trend will be."

Two Still At Large; Sobbing Boy Caught

NASHVILLE, Tenn., Oct. 25 (AP)— A sobbing 15-year-old boy whose criminal career began with a snatched purse today was charged with kidnapping 20 persons in three states and was placed under $12,000 bond.

"I didn't kidnap anybody, he forced me!" protested Virgil LeMay at his arraignment on charges of taking part in the wild highway abductions along Georgia and middle Tennessee highways.

Two others charged with him still are at large. The youth said they split up at Atlanta, where the trio forced their 20th victim to drive them.

The fugitives are identified as two Florida ex-convicts, James Francis Hill, 29, of Framingham, Mass., and Charles Edward Hopkins, 19, of Jacksonville, Fla.

Since Wednesday, the three have terrorized the highways of North Georgia and middle Tennessee, haphazardly kidnaping and robbing their victims. They stole four cars in the process.

"I was forced all the way by Hill," Le May contended. The boy has served time in the State Reformatory for snatching a purse containing $3 or $4. "He said he would kill me if I didn't do what he told me to."

RECORDS CRASH AT STATE FAIR

News-Star—World Bids High At Livestock Auction

SHREVEPORT, Oct. 25 (Special)—Six hogs and one beef calf were purchased by the Monroe-News-Star—World publishing Company at the 15th annual junior livestock auction here yesterday.

William H. Bronson of Shreveport, president of the publishing company, did the successful bidding for the animals.

The auction, which saw records fall by the wayside was held on the fair grounds as the 47th annual exposition of the Louisiana State fair pulled into its final stretch.

The Monroe newspapers purchased three hogs from Albert Maryman of West Feliciana parish for 27 cents a pound. The hogs weighed in at 160, 140 and 185 pounds.

The publishing firm was also successful bidder for three hogs raised by Shelton Ray Lewis of Madison parish. The three animals, weighing 185, 195 and 185 pounds, brought 38 cents a pound.

Final purchase by the company was a beef calf put on the block by Maxwell Brown of Ouachita parish. The 921-pound animal brought 43 cents a pound for its young producer.

Joe Levy of Shreveport and Col. Ike Hamilton of West Monroe again acted as auctioneers for the annual event.

WASHINGTON, Oct. 25 (AP) — Gen. Dwight D. Eisenhower and Gov. Adlai Stevenson will concentrate on the vote - heavy East in the last week of their campaigns for the presidency.

Both will hit Boston, New York, Pennsylvania and Chicago with major addresses. They'll make dozens of appearances on the way, schedules given out by their headquarters show.

Eisenhower, the Republican nominee, will get last crack at the critical Eastern territory with an election eve New England swing, returning to New York to await the count.

Stevenson, the Democratic candidate, will put in the last day cultivating the equally crucial farmlands of the Middle West on the way home to Illinois to vote.

ADLAI ATTACKS GOP OLD GUARD

Claims They Voted Straight Party Line—And Not Republican

BOSTON, Oct. 25 (AP) —Gov. Adlai E. Stevenson declared tonight that "Old Guard" Republicans in Congress have voted for policies that "would encourage Soviet aggression, and against the policies which would check it."

And he added pointedly:

"On crucial issues of foreign policy in short, the Old Guard has voted the straight party line—and I don't mean the Republican party."

"Of course," he added, "They don't mean to aid and abet our enemies; but the results are the same."

And Stevenson contended, as he has repeatedly during the campaign, that Eisenhower — his GOP opponent for presidency — is the captive of the "Old Guard."

The governor's new attack on Eisenhower and the men he says the general is backing came after the chairman of the Democratic National Committee, Stephen A. Mitchell — travelling aboard Stevenson's campaign train — had labelled Eisenhower's statement he would go to Korea if elected "a grandstand play" in a bid for votes.

Eisenhower told a Detroit audience last night that one of the first jobs of a new administration must be to find some way to end the Korean War.

"That job," the general said, "requires a personal trip to Korea. I shall make that trip. I shall go to Korea. Only in that way could I learn how best to serve the American people in the cause of peace."

CHEST DRIVE IS SLOWING DOWN

Co-Chairman M'Adams Urges Completion Of Campaign

Official figures on receipts in the Red Feather campaign was set at 75 per cent completed by drive leaders yesterday at the campaign headquarters office in the Virginia Hotel Building. Straggling returns during the week had the thermometer creeping toward the top of the Red Feather.

David C. Silverstein and C. D. McAdams, chairman and co-chairman of the drive, the largest Red Feather drive ever to be conducted in the Twin Cities, said they could not account for the slowness of some of the larger contributions. Many firms who have been loyal supporters of the Red Feather agencies for many years, have not been heard from, they said.

Added emphasis was placed on employe giving by the leaders. "It's what the employe gives that is going to make up the difference in our increased goal this year, McAdams said. When the employer places the Red Feather story before his employes he is not asking them to contribute, but he is offering them the only opportunity they will have to become a part of this great civic enterprise," he added.

A meeting of the campaign advisory committee will be held the early part of the week to map out campaign strategy for cleaning up and ending the campaign as soon as possible, McAdams announced. He urged that all workers clear up as many uncompleted assignments as possible so that the committee will know exactly how the campaign stands.

"There is no question but that we have to raise the money for the local health, welfare, recreational and character building organizations in our city depending on us for funds to carry on their work for another year, McAdams stated. The Boy Scouts, Girl Scouts, Colored Community Welfare, Monroe Maternity Clinic, Salvation Army, Red Shield Boys Club, P.-T. A. Council Child Health and Welfare Program, West Monroe Recreation Council, West Monroe Colored Recreation Council, and Y. W. C. A., are doing their best to render services to us. Their work in many instances is preventative rather than corrective, and our community cannot afford to be without these worthy organizations, Mr. McAdams concluded.

STABILIZER TO ANSWER MINERS

Putnam Petitioned To Revoke WSB Wage Reduction Order

WASHINGTON, Oct. 25 (AP)—Economic Stabilizer Roger Putnam plans to act early next week on the wage boost petition submitted by John L. Lewis and a major portion of the struck soft coal industry, it was reliably reported today.

Putnam was asked to overrule the Wage Stabilization Board's decision which cut back to $1.50 a day the negotiated increase of $1.90, on grounds that any more would be inflationary.

The appeal, more than 1,000 words long, was made available to a reporter today.

It argued that the coal industry rates "special consideration" under the stabilization program. It also said that 375,000 strking soft coal miners do not now receive "fringe" benefits equivalent to those in effect in most U. S. industries and that therefore they are entitled to higher wages than the WSB said were legal. Fringe benefits include paid vacations, holiday pay, etc.

The appeal to Putnam was signed first by John L. Lewis, then by Harry M. Moses. Moses, a former U. S. Steel official, bargains for 240 million tons of soft coal production, a little less than half the total U. S. soft coal output.

Lewis and Moses told Putnam that coal in the United States is mined "at a production rate per man day that is not approached anywhere else in the world." They said the coal industry cannot be compared to any other major U. S. industry and that miners "must have requirements of disposition, physical strength and mechanical aptitude that are not ordinarily required by other industries."

NEWMAN JURY DELIBERATES

Judge, Two Attorneys In Jury Room Late Last Night

The jury in the Newman vs. Missouri Pacific Railroad suit was still out at 11 o'clock last night after receiving the case at 6 p. m.

Judge Gaston Porterie, along with both plaintiff and defense attorneys, was summoned by the jury at approximately 9:30 p.m. and had not left the jury chambers at 11 p. m. No information was forthcoming as to the juries summons of the court officials.

Mrs. Lucy Emfinger Newman is asking damages against the railroad company totaling $100,500 for the death of her husband Ernest Newman on August 9, 1951, at a railroad crossing one and one-half miles south of Wisner on Highway 15.

The handing of the case to the jury late Saturday marked the tenth day of the trial.

Summations in the case brought lengthy oration by both plaintiff and defense counsel. Shortly after plaintiff started his summation a juror became ill and the alternate, William Dendy Elliot, took his place.

Guy Curry, engineer of the frieght train, was the main target as Booth quoted answers which Curry had given in a deposition statement and also on the stand. His argument centered around "independent recollection" on the part of Curry. The engineer's answer was that he knew that he blew the whistle because he blew it at all public crossings and that the day Ernest Newman was killed was no different from any other. Plaintiff contends that this was not an "independent recollection" on the part of Curry.

Mrs. Newman's lawyer worked out a formula for the jury to use, which he stated would be helpful to the ten men and two women, to determine the amount of money which she would receive.

Defense counsel declared to the jury that the plaintiff had written three petitions in the case. Railroad counsel argued that Louis Rayburn, driver of the fatal gravel truck, was negligent due to what he termed as the latters "non observance of the stop sign and further that the railroad crossing was not hindered from his view." Counsel also reiterated testimony given on the stand by defense witnes and stated emphatically to a charge made by plaintiff, that railroad witness had given as testimony, that company employees had testified only to what they knew concerning the accident.

The plaintiff's rebuttal summation dealt on Mrs. Neman and her 14-year-old son.

BAND BOOSTERS BRINGING SHOW

Group Supporting Neville Signs Ernest Tubb And Minnie Pearl

The newly organized Neville High School Band Booster Club, headed by J. H. Scoggins, Jr., signed a contract Friday with the W. S. M. Artist Bureau of Nashville, Tenn., to bring Ernest Tubb and his Texas Troubadors, together with Cousin Minnie Pearl for a matinee and evening performance November 11.

The two appearances will be held in the Neville High School auditorium, the matinee at 2:30 p. m. and the evening performance at 8 p. m.

The ways and means committee, headed by G. L. (Skeeter) Morgan and composed of George Phillips, W. E. Lawson, Harold Brady, and Claud Dillingham, has secured this show for the band club and its is the hope of this committee that the parents and friends of the club will purchase as many tickets as possible.

The matinee will be held at 2:30 p. m. and the school principals in all the elementary schools will allow pupils holding tickets for the matinee to leave at 2:15 p. m. for the afternoon performance. Children's tickets, costing 50 cents will be on sale at all schools, as the money derived from this show will go to help promote the musical activities at Neville High School. This will help the grade school band members when they arrive in high school. The evening performance will start at 8 p. m. The doors will be open at 2 p. m. and 7 p. m. Tickets are available at Dew Music Co. on DeSiard Street in Monroe. Mail orders accepted.

Herbert Walker, financial secretary of the club, will be in charge of the ticket distribution and sale. He will be assisted by the band members and friends of the band.

Monroe and West Monroe have always responded in their attendance at all the "Hill Billy" shows and it is hoped by the committee that they attend this show, as funds for the club are low and financial help is greatly needed at the present time. The band is now being carried to all out of the city appearances in Trailway buses.

The band has just returned from an appearance in a parade preceeding the Louisiana State Fair at Shreveport and from comments of Shreveport newspapers made a hit with the spectators, as it always does.

Livingston Group To Confer With Kennon

LIVINGSTON, La., Oct. 25 (AP) — The Livingston Parish police jury decided today to send a delegation to Gov. Robert Kennon to discuss a $119,000 annual cut ordered by the Louisiana Tax Commission on parish tax assessments.

Jury members were advised yesterday the commission had reduced assessments from $10 to $7.50 an acre on 47,000 acres of timber owned by the Gaylord Container Corp. in the parish.

The jury had raised the assessment to $10 effective last Jan. 1.

New Commissioner Of Welfare Coming

Edward P. Dameron, newly appointed commissioner of public welfare, and Gilbert Root, comptroller of the state department of public welfare, will be in Monroe October 29 on a visit to parish and area offices.

Dameron's schedule also calls for him to visit Alexandria and Shreveport and surrounding areas.

Highways Blanketed By Dangerous Smoke

Grass and woodland areas throughout the entire northeastern section of Louisiana have been charred by blazes ranging from small stump fires to many that are sweeping acres within a few hours. And no let up from the fire and smoke is in sight unless a general rain comes soon, forestry officials stated Saturday.

Hardest hit are the forests of Richland, Tensas, Madison, Morehouse and East and West Carroll parishes, it is reported. In some of these areas fire fighters have been unable to gain any control over the blazes because of the "excessively dry conditions."

The accumulation of smoke on the highways and roads through the area have become so dense during the past several nights that motorists have been warned to use extreme caution when traveling. Late Friday night and early Saturday morning the intersection of Louisville avenue and DeSiard road in Monroe was termed a "very dangerous area" because of the density.

Captain Roy Byrd, head of Troop F, Louisiana State Police, with headquarters in Monroe, last night issued a special warning that the roads "have become continuously dangerous for travel during the night." In making the statement, Capt. Byrd asked full cooperation of all persons who must drive at night "until this danger is over." Troopers working during the night and early morning hours have reported that the smoke early Saturday morning was so dense "that headlights are making little difference in the visibility."

Baton Rouge Demos Open Adlai Hdqrs.

BATON ROUGE, Oct. 25 (AP)—With election slightly more than a week off, Democrats finally got around to opening a campaign headquarters here for Gov. Adlai Stevenson.

It is the first local headquarters of a Democratic presidential candidate in Baton Rouge history.

Republican nominee Dwight D. Eisenhower has had two local headquarters running full blast for several weeks.

One is a Democrats-for-Eisenhower club, the other an "Anyone-for-Ike" outfit, operated by the Sixth District Republican organization.

"We may be a little late," said Bob Cohn, manager of the Stevenson headquarters "but we've got up a full head of steam and are barreling right along. It's the home stretch that counts."

AMENDMENTS TO BE EXPLAINED

League Of Women Voters Schedules Meeting For Monday Night

On November 4, when the Louisiana citizen casts his vote for the presidential electors, he will also be expected to vote for 34 proposed amendments to the state constitution. These amendments range from issues of importance to the entire state to those that are primarily local in their effect. Many others, though written in terms of one locality, are nevertheless of importance to the entire state.

It is extremely difficult for the average voter to understand most of these constitutional amendments which he is expected to approve or reject. The length, the subject matter, the wording, and the technical nature of many of the amendments bewilder the average voter. The test of voting intelligently becomes even more difficult by the large number of amendments submitted.

To encourage the conscientious voter to cast his ballot on these amendments intelligently, the public affairs research council has prepared a guide book. The state League of Women Voters has condensed this material in leaflet form. The local league will distribute these leaflets Monday evening at 7:30 p. m. at the Fellowship Hall, 319 Grammont Street where an open meeting to which the public is invited to attend will be held.

Mrs. Elmer Slagle, president of the local league will preside. Mrs. George Forman, chairman of voters' service will present State Rep. Gilbert Faulk, who will give a detailed analysis of these amendments. State Sen. James Sparks and Rep. Shady Wall will also be present for consultation.

Absentee Voting Is Now Underway Here

Absentee balloting for the November 4 general election began Saturday morning in the Clerk of Court office, Court House, and will continue until Saturday, November 1, R. Dean Farr, Ouachita parish clerk of court, said late yesterday.

During the morning, Farr said, the voting was "exceptionally heavy" with the trend expected to continue throughout the period allowed for the voting.

Persons interested in voting by absentee ballot are asked to go to the basement of the court house. This area can be reached either through the stairway in the mail hall or through the clerk of court office.

Jes' Ramblin'

Still another group to add to the list of clubs of various varieties and each with some special mission to perform in the Twin Cities, is the sales executives club. The past week a group came to Monroe from Shreveport and formed the club here similar to their own back home. Twenty - two business men, sales executives, met at the organization meeting.

The club has already elected officers who are: Bill Rhodes, president; John Woodburn, first vice-president; Dan Miller, second vice-president; Jim Williams, secretary and Jerry Sugar, treasurer. Charter night has been set for November 13 when prominent sales executives from New York will fly here for the meeting.

Announcement of the transfer and promotion of James H. Clampit from the position of crew foreman at Monroe to that of right-of-way buyer in the general office at Shreveport was made here today

'Count On Me For '53,' Slogan In Legion Drive

The annual American Legion membership campaign is in full force starting Saturday, October 25, and continuing through November 1. Adding impetus to the campaign, was the issuing of a proclamation by Mayor John E. Coon in which he paid tribute to the marvelous service, in both war and peace, of the American Legion.

The membership goal has been set and active workers are out with

unusual and original ideas to secure more members than ever for the local post.

Each member of the Barkdull Faulk Post No. 13 has been provided by Commander Sam Orchard, with a sales kit which gives much information of value and is entitled, "Count on Me for '53" to work for a Greater Membership. See 'em; Sell 'em; Sign 'em."

Reasons for joining the American Legion are given thus:

"1. Peacetime service. The button of the American Legion testifies your honorable service during World War I, World War II, or the Korean conflict.

"2. Rehabilitation. Every member helps toward providing adequate care and protection for disabled veterans of the two World Wars and the Korean conflict as well as their dependents.

"3. Child welfare. Every member helps to carry out the child welfare program through which the organization stands in place of the father to thousands of needy

Federal Departments Spending More Money

WASHINGTON, Oct. 25 (AP) — The United States Chamber of Commerce reported today that every federal department except one is spending money faster this fiscal year than last.

It called for careful scrutiny of the budget by the next Congress, with a view to cutting non-defense expenditures.

In a report which it said was based on Treasury figures, the Chamber said that spending not related to defense totalled $4,203,300,000 in July, August and September, a 7.5 per cent increase over the same quarter last year.

NOTED DIVINE TO GIVE ADDRESSES

Rev. Roland Brown Will Speak At 1st Methodist Church This Week

NOTED DIVINE (3B) VR
WITH 1 COL CUT DROP IN VR

Rev. Roland Brown, who will speak in the First Methodist Church October 30 at 7:30 p.m. and again on Oct. 31 at 9:30 a.m. and 1 p.m., sponsored by prayer groups in the Twin Cities, was for 15 years pastor of Parkside Baptist Church in Chicago, where he ministered to a large congregation. He was born in the United States and is 55 years of age. His education was obtained at the University of Chicago; Loyola University and the Northern Baptist Theological Seminary.

A practiced and eloquent speaker, Roland Brown has impressed audiences all over American and the United Kingdom with his deep sincerity and powerful personality. In the nine months evangelistic tour of England during 1951-52 he appeared before enormous crowds in hundreds of meetings. The bishop of Worcester presided at the inaugural service in the headquarters of the British Foreign Bible Society and at all services in Worcestershire diocese. In Birmingham, Canon Bryon Greer and in Tyneside Reverend Leslie Newman of Brunswich Methodist Church accompanied him on the crusade, all of them and many others speaking gratefully of the enrichment of the country and the value of his work to the churches.

His last two services were in Canterbury Cathedral and London Westminister Chapel. "His ministry of Love, Prayer, Faith and Joy brought new vitality and a new meaning of prayer and lessons of obedience to God," the Christian Herald wrote.

"All people of the Twin Cities and the surrounding territory are invited to attend Roland Brown's lectures which will be helpful in finding answers to the worries of this work-a-day world," a spokesman for the prayer groups said today.

The Amendments

No. 1 -- Statewide Civil Service

(The Morning World presents today the first of several editorials discussing the 34 state constitutional amendments which will be before the voters in the November 4th general election.)

The Morning World urges every voter to support Amendment No. 1, for statewide civil service. The fight for this improvement in administration of government has been going on for some 20 years in Louisiana. The battle now can be won—and it must be won.

Passage of this amendment does not interfere with any separate civil service systems now in effect in various municipalities, such as Shreveport's personnel system for general employes and its special statutory system for policemen and firemen, nor would it affect establishment of local city service in Monroe. It does constitutionalize the present New Orleans system, but civic organizations and the city government there are in favor of such action.

Under Amendment No. 1 the civil service system automatically would cover the executive branch of state government and all municipalities having a population of over 250,000—this latter simply being the provision to include New Orleans, the only Louisiana city of that size. It could be adopted by any city from 50,000 to 250,000, but this could be accomplished only by a majority vote of the people of the municipality concerned, and in an election called for that purpose.

A series of unclassified services for which no competitive examinations would be required under the civil service amendment are established. They embrace executive offices, heads of executive departments, members of boards, staffs of educational institutions, city attorneys and officers and employes of the legislature, plus certain state and local officials. In other words, various appointive posts where civil service examination would simply hamper the office concerned are exempted.

Civil service would be administered by a board appointed by the governor but he would be limited in his appointments to recommendations from the presidents of the five state colleges, each president submitting a panel of three recommendations at a time. Thus, partisan or factional politics naming civil service board members is eliminated as far as it is possible to do so. The board would contain six members, with staggered terms.

Statewide civil service will go as far as is humanly possible in protecting state employes from political firing and in guaranteeing that state jobs are filled on the basis of merit. A "Little Hatch Act" provision in the amendment forbids employees under civil service to have any part in partisan or factional politics, but without restricting their inherent political liberties. This provision covers primary as well as general elections—essential in Louisiana's one-party state political system.

Criticism of civil service generally is found to deal with individual cases of inequity rather than with the system. Such cases cannot be avoided at times. But Shreveport, Alexandria, Baton Rouge and New Orleans already have civil service and it has worked well in all four cities. It has been the basis of federal employment since 1883. Twenty states now have statewide civil service systems and all of the remaining 28 have civil service in some departments. Of 1,029 cities in the nation with more than 10,000 population, 684 have complete or partial civil service.

The legislature of 1940 established civil service in Louisiana, but only by statute. The Earl Long 1948-1952 administration wiped it out, largely through a number of legislators breaking pledges they had made during their campaigns to support and maintain civil service.

If Amendment No. 1 passes, civil service will be established constitutionally and it then can be removed only by a vote of the people themselves.

The World looks on the civil service amendment as by far the most important and most essential of all the 34 to be voted on. Again, we urge every voter to vote for it—to be sure and vote for it.

No. 2 -- Aid For Farm Youngsters

This amendment also is supported by The Morning World. It simply enables the state commissioner of agriculture, through a $500,000 appropriation already made by the legislature (contingent upon passage of the amendment) to guarantee 25 per cent of loans made to farm boys and girls—such as 4-H and Future Farmers of America—for livestock, egg or poultry projects. The purpose is to encourage such production in Louisiana, and to give more farm boys and girls a greater chance to get into a profitable business for themselves.

It is probable that very little, if any, of the money appropriated will be used. In several parishes of North Louisiana, local merchants have been guaranteeing loans to 4-H and FFA members for years, and banks have been making loans on their own. So far as is known, no bank in this part of the state ever lost a nickel on any of these loans. But, out in some rural areas, a guarantee beyond that which can be provided by the average farm youngster or farm youth organization is desirable—not only as encouragement to the boys and girls but to leaders. This amendment makes that encouragement possible.

The objection by some that "one man"—the commissioner of agriculture—holds too much power over the loans is not valid. The loans are okayed locally by those making them. The commissioner then simply decides whether the loan comes under the state 25 per cent guarantee plan. Somebody has to do that. Any objection that this puts the state into private business is rather far - fetched. Assistance to growing teenage farm kids, in an effort to enable them to earn their own way in life as adults, hardly is "putting the state into private business."

Help Louisiana's farm youngsters by voting "Yes" on Amendment No. 2.

(Additional amendments will be discussed editorially tomorrow.)

These Days

By George Sokolsky

CONFUSED MINDS

Clifford Odets is one of the most famous of American playwrights and has to be accepted as an intelligent, imaginative person. Therefore it is expected that when he becomes active in a public movement, he has read the literature on the subject, has reached a conclusion based upon study, judgment and soul-searching. Certainly a man of Mr. Odets' intellectual attainments had heard of Marx, Engels, Lenin, Stalin, Trotzky. Yet, this is what Clifford Odets said before the House Committee on Un-American Activities:

". . . I had no sense of the Soviet Union as a country opposed to our interests; it never occurred to me to think of the Soviet Union that way. I thought of the Soviet Union then as a country of extraordinary theater, of extraordinary literary figures, and any greeting or relationship that I might in those days have made with that large country would be in relation to my particular field of theater, the theater, and theater literature. But I must point out that in those days not only myself but no one had a sense, or very few people had a sense, of the Soviet Union as a country opposed to our interests anyway. I think it was during that time that we began to recognize the Soviet Union, began to move into a kind of amnesty with that country, in terms of trade, for instance."

The period he is referring to is 1937, four years after the United States had recognized Soviet Russia; three years after the Harold Ware Communist cell was organized among intellectuals.

Further, Odets said:

"Well, my opinion is that the Communist Party is interested in preserving itself as a minority political party. I believe, sir, that that is their right under the United States Constitution. I do not think that their essential purpose is the preservation of the Constitution. I think they want to bring about some kind of social disorder. I find some of their practices reprehensible. I am against secrecy in any political party. I would not advocate the Communist Party for anyone to join because of their secrecy. One of the elements that made me leave the Communist Party was secrecy . . ."

The sequence of this statement is, of course, not logical. What makes the Communist Party reprehensible is not that it is a secret organization, which it is not, but that it advocates a wicked doctrine, Marxism, that can do infinite damage to our civilization. For instance, Lenin wrote:

"The dictatorship of the proletariat is the fiercest, most acute and most merciless war of the new class against the more powerful enemy, against the bourgeoisie, whose resistance is increased tenfold by its overthrow" that "the dictatorship of the proletariat is a persistent struggle—sanguinary and bloodless, violent and peaceful, military and economic, educational and administrative, against the forces and traditions of the old society."

I quote from Odets and Lenin for the purpose of showing the former's confusion.

There was no doubt in the mind of the Russian as to what he wished to do to and with our American society. He wished to destroy it. He wished to replace it by a system of his own choosing. Stalin emphasized Lenin's view in these words:

"The victory of the dictatorship of the proletariat signifies the suppression of the bourgeoisie, the break-up of the bourgeois state machinery and the displacement of bourgeois democracy by proletarian democracy. That is clear . . ."

Now all this was written before May, 1952 when Odets testified. Stalin wrote in 1924 quoting Lenin. One would imagine that an intellectual like Odets, once a party member, would know the Communist program, would have read the fundamental literature of this revolutionary force.

There are those who doubt that the Communists seek to destroy the Government of the United States and the civilization which our people have developed on this continent. Yet, the program of the Communists is publicly blueprinted in the writings of Lenin and Stalin and in the decisions of the party in Russia, at such a congress as has recently taken place in Moscow.

The blueprints are clear and have always been available to those who want to read and study them. Those who criticize Senator Joe McCarthy or the work of the McCarran Committee fail to recognize the peril to this country in this international conspiracy to destroy it.

The Washington Parade

By Peter Edson

WASHINGTON —(NEA)— When Gen. Lemuel C. Shepherd, Jr., commandant of the Marine Corps, made his now famous remark about the U. S. Air force "Operation Strangle" being a fizzle in Korea he added that, of course, he didn't want to start an argument.

Reporters attending this press conference let out a loud laugh, for it was perfectly obvious that the statement would bring a quick bellow of rage from the Air Force. It did, next day, from no less a person than Air Force Secretary Tom Finletter.

General Shepherd had originally made most of the qualifications which the Air Force came up with. It is, of course, almost impossible to shut off all supplies to an enemy by aerial bombing and strafing. It's impossible to stop all truck movements at night.

The classic proof of this was in Italy during World War II. Germany had 25 divisions in northern Italy. All their supplies were coming through the Brenner Pass. This pass was bombed almost around the clock. Yet enough supplies got through to keep the Germans going and to keep them fighting.

Workers' Pockets Jingle

Average hourly earnings of U.S. factory workers have kept just a little bit ahead of advances in the cost of living since the Korean war broke out, according to Bureau of Labor Statistics. Calculated on reports from industries with 13 million employes, the average hourly income, including overtime and other premiums, was $1.66 on Aug. 15.

On June 15, 1950, it was $1.45 an hour. This is a 14 per cent gain. In the same period, BLS consumers' price index has risen from 170 to 191, a 12 per cent gain. The catch on the hourly earnings figure is that it is an average and not really representative. Wage increases in the apparel industry have been only about 7 per cent. In the defense industries they have been nearly 17 per cent.

REA Phone Program Is Popular

The rural telephone loan program of the Rural Electrification Administration has proved so popular that REA may be out of money to lend shortly after the first of the year. The original allocation by Congress was for $25 million plus a $10 million contingency fund.

Twelve million dollars of this has already been advanced on approved loans with a face value of $94 million. Applications are still coming in faster than they can be processed, with nearly 600 now on file. The first 190 loans approved were to bring service to 136,000 families previously without phones, plus improved service to 115,000 families with inadequate service.

The first loan repayment to fall due was made on time, two years after the loan was granted to the Wilderness Telephone Co., of Chancellor Va. U. S. Chamber of Commerce is opposing the rural phone program as unfair competition to private enterprise.

Some Duplicity Here

Most popular stories in German magazines these days are flattering accounts of the private lives of ex-Nazi leaders. The latest series of this kind to find wide reader appeal in Germany is a picture magazine article about former Propaganda Minister Joseph Goebbels and his wife Emma.

A report on this new trend in German journalism has just been made to the State Department by Wilson Hicks and Will Connell, two U. S. picture magazine editors who were sent abroad to survey West German publications.

To keep American officials in Germany happy, the German editors describe the former Nazi officials as bad men in the text, but the pictures always portray them as gentle, kindly people.

There isn't anything American or other Allied officials could do about censoring these German publications even if they wanted to.

Keep the Boys Guessing

Army has no plan for activating another division at this time, though it has authority to call up one more division than the 20 now in service. The trouble is that Congress didn't appropriate the money for that 21st division. When, as and if it is activated, it will probably be another National Guard unit. But Chief of Staff Gen. J. Lawton Collins won't say which one it will be.

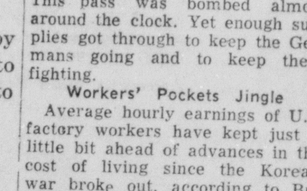

French Hard to Figure Out

Trying to figure out and accommodate the French government psychology is one of the more trying problems that American diplomats and military officials have to handle.

Take the case of the Tunisian and Moroccan question before the United Nations. The Arab countries wanted this matter discussed. The French said it was an internal question of theirs and nobody else's business.

Americans tried to counsel the French that they couldn't take that attitude. It was admitted the French had nothing to hide. The thing to do was to let the issue come up for discussion.

UNCLE EF

They say there are a lot of the old-type $2 bills in circulation around Denver, and that they look crisp and new, too. As things are, getting hold of one of them is one way of being sure you've got a whole dollar in your pocket instead of 50 cents.

THOUGHTS

For our heart shall rejoice in him, because we have trusted in his holy name.—Psalms 33:21.

You must cast yourself on God's gospel with all your weight, without any hanging back, without any doubt, without even the shadow of a suspicion that it will give.—Maclaren.

Ripley's Believe It or Not

Lights Over Broadway

By Walter Winchell

Man Swinging a Hammer and Sickle

J .Wechsler, the New York Post editor, has confessed he was a Young Communist League official . . .He has argued the Young Communist League was an insignificant segment of the Red apparatus and that he performed minor errands for the Communists. . .We have debunked that one before — here's another crusher: The truth is that the Communist Party considered the Young Communist League a vital branch of the Red network. . .The Communist Party's official publication, "The Communist," believed the Young Communist League was important enough to issue the following directives in May, 1937: "The Communist Party and Young Communist League factions set up within classes and departments must supplement and combat by means of discussions, brochures, etc. bourgeois omissions and distortions in the regular curriculum. Marxist - Leninist analysis must be injected into every class.

"Communist teachers must take advantage of their positions without exposing themselves to give their students to the best of their ability working class education. To enable the teachers in the party to do the latter, the party must take careful steps to see that all teacher comrades are given thorough education in the teaching of Marxism-Leninism. Only when teachers have really mastered Marxism - Leninsim will they be able skillfully to inject it into their teaching at the least risk of exposure and at the same time conduct struggles around the schools in true Bolshevik manner."

P. S.: Strangely enough, some years ago New York Pust columnist, Max Lerner publicly opposed the dismissal of Communist teachers.

Max Lerner (The N. Y. Pust columnist) expressed horror at W. W.'s exposure of the New York Pust's "former Communists." He declared it was unfair, etc. . .On Sept 11th, 1944, however, the same Max Lerner attachked a Life magazine editorial. He noted the editorial "was actually written by Wm. Schlamm, an ex-Communist." End of firecracker.

Max Lerner wrote on July 1st, 1943: "If you look at the record of Russia's deeds, you find that, under Stalin, Russia has abandoned the tactic of world revolution and used the Commintern mainly for its own safety. And if you look at the record, you know that Russia's so-called Communist plotting has not in any sense been a military threat to us."

Lerner (who also serves as a college professor) apparently is ignorant of the elementary facts of international life. Before teaching others — the professa should learn some simple facts.

The Sabbath Times reports some authorities estimate that the atomic spies advanced Russia's atomic program by as much as ten years. Obviously, this was history's greatest betrayal.

But after the FBI cracked the atomic spy ring — the New York Pust assailed the FBI for using wire - tap methods and accused the G-men of violating the law.

A panel of the Subversive Activities Control Board this week ruled that the U. S. Communist Party is "directed, dominated and controlled" by Soviet Russian and should be forced to register with the Justice Dept. . . . The decision followed 18 months of hearings in which the panel listened to ex-Communists and other witnesses. . .It was the first ruling under the 1950 Internal Security Act — one of the most vital legal weapons the U. S. has in fighting Communism.

Many ex-Communists aided the Gov't in this case. But did any of the New York Pust's "former Commissars" help? (Nyet!)

Marx Lerner states WW is attacking the Pust "because it is a thorn in the side of the Eisenhower - Taft - Nixon - McCarthy combination." . . . The truth: This reporter has been blasting Taft for the past 16 years. . . . We recently devoted a full column to deploring the Nixon fund. . . . As the record will certify, we have opposed McCarthy when we believed he was wrong. . . . Ditto for Gen. Ike — as our readers, televiewers and radio listeners will attest.

Sen. Olin D. Johnston (a Democrat) endeavored to intimidate the U. S. press. . . . This Democratic Senator threatened to deprive the American dailies of their postal privileges — because the majority of papers support the GOP nominee. . . This blunt threat against the free press has been met with silence by Democratic editorialists — the same opinion - moulders who accuse Sen. McCarthy of endangering civil liberties.

Their hypocrisy is evident. . . . Their devotion to freedom is strictly partisan. . . . This reporter has never served as a mouthpiece for any party or politician. . . . Our devotion to FDR did not prevent us from publicly disagreeing with him when the Roosevelt Administration appeased Dictator Peron. . . . I am a newspaperman — not a propagandist. . . . Except for press agents and showfolks who need a plug. . . . As some ingraytes will admit, but not lately.

Eisenhower's position on the McCarran immigration Law is a matter of public record: "The McCarran Immigration Law must be rewritten. A better law must be written that will strike an intelligent, unbigoted balance between the welfare of America and the prayerful hopes of the unhappy and oppressed."

Truman's gutter campaign stems from his political environment. A product of the notorious Pendergast machine, he has never objected to its corruption - ridden methods. . . The Kansas City Mob utilized every infamous instrument to retain power. It had underworld alliances — used illegal enterprises as sources of income— and employed crooked methods to gain votes. . . . Truman apparently accepted indecency as a necessity for political survival. The same form of cynicism resulted in his Ku Klux Klan membership.

A political accident elevated Truman to the Senate. Political chicanery made him Vice - President. . . . And an historical tragedy put him in the White House. . . . But he retained the tactics of the Pendergast machine. . . . Again and again and again — Truman disgraced the dignity of the Presidency. . . . He was the Chief Executive but he remained a Pendergast politician. . . . His current campaign of defamation against Gen. Eisenhower certifies Truman never really emerged from the Kansas City ward - heel level. . . The stench of the stockyards is still on him. . . . He vilifies Eisenhower but his loyalty to the Pendergast Mob remained steadfast — even after Tom Pendergast was jailed.

Whether Ike wins or loses the election — he is certain to retain his high place in American history. Just as certain as Truman reaching a new low.

Drew Pearson said that our statement of last Sunday night: "The President of the United States was once a member of the Klan" — is "simply not true." . . We will show you some photostats (on your teevy screens) at about 6:45 (N. Y. Time) this Sunday evening. Oh, the Poor Man!

Hollywood Spotlight

By Erskine Johnson

HOLLYWOOD —(NEA)— Exclusively Yours: "For my own good I've temporarily given up television." Commedian Danny Thomas straight-shouldering it about the reason he's missing from the home screens this season and explaining:

"Television just isn't a medium for a stand-up comic. I discovered that after my first show. I was never panned, but some of my material was. How can anyone put on three or four good routines once a month or once every three months? I can only come up with three acceptable new routines ONCE A YEAR for my night club act.

"When I find the right format—a situation comedy maybe—I'll be back."

Danny's big screen career is zooming, however, with "The Jazz Singer" due this winter. Worried about following Al Jolson in the role? Not Danny, who told me:

"I said this to the studio and then dismissed it. 'It's impossible to combat legend and the dead. So let's not try.' And we didn't."

There may be a big censorship howl when John Huston brings "Moulin Rouge" back to the U. S. from Paris. The can-can numbers, I hear, are noisy, bold and bawdy.

If you noticed a wince on the face of Raj Kapoor, the Clark Gable of the India movie industry, in news photos from Hollywood, here's the explanation as told by Kenneth McEldowney: "He was wearing shoes in public for the first time and they were killing him."

Is It Worth It?

COMPO'S Movietime, U. S. A., is one year old.

Three hundred-sixty Hollywood personalities have visited 1300 cities and towns in the U. S. But is it worth all the effort?

I doubt it. The big theme is, "Hollywood stars are normal people just like your next-door neighbor." Baloney! Who wants to see their next-door neighbor on the screen? Hollywood stars on tour should sell glamor and sex and ACT like movie stars. That's what people want and will pay to see.

There's a big split in the ranks of Mario Lanza's pals. One side claims that a friend's advice (he's an actor) is the reason for all of Mario's troubles with MGM. It all adds up to a hunk of story that can't be told.

Elaine Stewart, MGM's new beauty, had one date with Bob Taylor, then decided against a repeat. Taylor talked about Ursula Thiess's charms from hello to good-by time. .Lana Turner's severed connections with her independent publicity guide.

Two of a Kind

BRIAN AHERNE was chiding a TV wrestler about all the matches being faked. The grunt and groaner smiled and said:

"Well, all the movies are faked, too, aren't they?"

Barbara Whiting and CBS exec. Jack Myers have decided to take the romance more lightly and even taper off on the dating. . . Only foreign beauty from the Miss Universe contest remaining on U-I's payroll is Renate Hoy, who's Miss Germany. . Hattie McDaniel is getting her first income in over a year from the replays of her "Beulah" radio show — a morale booster for the Oscar-winning actress who's now at the Motion Picture Country Home.

Starts 5th Year On Non-Support Charge

PUTNAMVILLE, Ind., Oct. 25 (AP) —Edwin K. Myer has started his fifth year at the Indiana State Penal Farm because he still won't pay $8 a week to support his son.

"He can stay there till hell freezes over, as far as I'm concerned," said Judge John L. Niblack when he sentenced him to the farm for contempt of court in Indianapolis Oct. 4, 1948.

After more than four years behind bars, the 40-year-old farmhand still refused to pay.

"I don't have any desire to stay here the rest of my life," says Myer "It isn't the money. I wouldn't pay it if it were 50 cents a week. Just paying money—any amount—wouldn't pay my obligations to my child."

Myer says he will remain until "I know it's Christ's will that I leave here."

The older of his two sons, Donald Kent Myer, 13, was killed in an automobile accident last September.

"They asked me if I wanted to go to his funeral," Myer said. "I didn't. It was too late then for me to do anything for him."

So far, Myer's only concession has been his repeatedly expressed desire to rear the surviving son, Phillip 12. The boy lives with his mother, who remarried in May, 1948.

Myer's wife obtained a divorce in 1946 and he took care of the boys as best he could. When she remarried, his former wife obtained custody of the children.

"Her lawyers kept writing me about the $8 a week I was supposed to be paying after the divorce," he recalls. "I didn't pay any attention because—well, I was raising the kids myself."

When Myer relinquished custody of the children he sold his car and household goods and sent his father-in-law $100 and a quantity of canned goods and meat.

"I figured it would carry over the payments t the first of October," Myer explained.

When he appeared before Judge Niblack, his ex-wife's lawyers claimed Myer was $120 behind in his payments and $50 arrears for attorney fees.

"But I had the boys myself over that period," Myer argues, "and I couldn't have owed anything.

Nevertheless, Myer was sent to the state farm until he raised the $170, plus $6 costs and agreed to pay the $8 a week.

Myer is considered a conscientious worker by fellow inmates and farm officials. He has spent most of his four years at the institution as a cook in the prison hospital.

Unless Myer changes his mind, prison officials see no way for freedom for him except through a pardon from the governor.

Sherrouse Discussion Group Meets Wednesday

Parents of children in the third grade of Sherrouse will have their first discussion group Wednesday at 9:30, with Mrs. Aline Miller, 1005 McGuire Avenue, as leader. A film will present a drama that is entitled: "What Parents Want in Helpers."

It is explained that inasmuch as "baby sitting" has become so common and essential that parents need more information on what to expect of the person who is to take charge of one's baby.

Parents want reliability, liking for children, an attempt to understand them and possessed of common sense and initiative.

It is urged that each parent in the lower grades will avail themselves of these discussions as one hour has been assigned to this study.

There will be five different study groups operating in the Sherrouse P.-T. A. for the coming year, which will give opportunity for groups to discuss a wide variety of subjects that so vitally concern parenthood.

MATT CVETIC IS TO SPEAK HERE

Will Tell Of Inside Communist Operations Tuesday Night

The amazing performance for the Federal Bureau of Investigation of Matt Cvetic who, in the role of a dyed - in - the - wool Communist, got the inside of operations for a long time. With this information, he saw that the F. B. I. was supplied with knowledge that otherwise they would not have obtained from any other source.

All this and much more, will be told by the man who wrote a book that circulated widely and was called "I Was A Communist for the F. B. I."

This remarkable man gave the government group valuable information contained in more than 50,000 pages of reports, documents and exhibits.

Cvetic, sponsored by the American Legion posts of Louisiana, is now visiting cities of this state and explaining about the inside of communism. He will speak at the Neville aduitorium Tuesday at 8 p. m. when the L. B. Faulk post will be sponsor of his appearance. A small admission will be charged, serving only as sufficient to defray expenses of the speaker's appearance here.

It is expected there will be a large attendance.

VOTERS SERVICE WORK of the League of Women Voters has been especially heavy this election year. League members who often serve as commissioners at the polls discuss changes in election laws made by 1952 Legislature. (From left) Mrs. H. F. Shepard, Mrs. George Breece, Mrs. John Smith, Mrs. Harry Russell, Mrs. F. L. Jones, Mrs. Ray Rhymes.

Women's Voter League Gives Balloting Facts

The 1952 Legislature made some important changes in election laws, much to the delight of a group of women's organizations. Among them is the League of Women Voters which worked for changes aimed at (1) cleaner elections and (2) easier voting proceedures.

The League of Women Voters issued the following statement:

"On November 4 when you make your choice for president of the United States and vote on amendments to the State Constitution you will be voting on uniform time schedule, extended to 9 p.m. for the entire state.

"After January 1, voters living in Caddo, East Baton Rouge or Orleans Parishes will be permanently registered as long as they vote, do not change residence or become disqualified. Nine other parishes, including Ouachita Parish will adopt this method if additional appropriation can be secured by the State Board of Registration from the Liquidation Board when it meets Nov. 10 to take care of expense of the change over.

"By 1954, no matter where you live in the state, you will cast your ballot through a voting machine.

"To protect the integrity of the state's elections the legislature (1) took a rap at vote buying by prohibiting persons registered as illiterate from receiving help in the polls other than through a numbering system on candidates, and (2) banned registrars and their deputies fron. taking part in political activities.

"Registration of physically disabled must now be witnessed by two qualified electors; notation on applicant's card as well as elector's card; electors may witness for not more than two applicants in a two year period.

"Physically disabled or blind must present either a registration certificate or recent doctor's certificate at polls.

"Where designation of political party has been omitted, declaration in writing now permits voting in the next primary.

"Lists of commissioners must be submitted 35 instead of 25 days be- accepted if it contains names of persons not affiliated with the party submitting the list.

"5:30 a.m. is specified instead of "before opening of polls" as time for taking oath by commissioners.

"Registar's office in all parishes will be open on election day from 6 a.m. until 9 p.m.

"Absentee voting privileges have been extended to wives of men in military or naval services. Application formilitary absentee ballot is made by the voter, his or her spouse, father, mother, sister or brother.

"Whether voting machines are used or not, polls are open at 6 a.m. until 9 p.m. and those voters within barriers, or within enclosure or building may vote at 9 p. m. up to 12 midnight of election day.

"The Monroe League of Women Voters has worked continuously since its organization in 1942 to give information on election issues, election laws and polling procedures, to explain amendments, to encourage registration and voting. Its membership increased 80 per cent last year. Dues are low so that any woman who cares about government may join. Expenses of the League are supplied by dues and contributions made by public spirited men and women who consider the League's work important to the success of democracy in the United States."

Dorothy Dix

DEAR MISS DIX: I am 19, my husband is 25. We have been married three years and have a little boy 17 months old. We had our second child two weeks ago, and he lived only eleven hours. I can't have another baby. We would like to adopt a baby sometime soon while our little son is still young. We think children should grow up together and we both love children.

My mother-in-law doesn't want us to adopt a baby. She thinks we will always show a preference for our own. While my husband and I know that it will be more natural for us to care for our own, we still think we can love an adopted child. We have our own farm and can provide a good home. My doctor has offered his help in finding a baby for us.

JOAN M.

ANSWER: Yours is one of the most heartwarming letters I have had in quite a while. If all young people were as conscientious and thoughtful as you and your husband, divorce courts would go out of business in no time.

YOU SHOULD SUCCEED

You have a fine idea in your wish to provide your son with a sister or brother, and there is absolutely no reason why it shouldn't be successful all around. Your mother-in-law is dead wrong to say it would work, since it has proven gratifyingly possible for many a couple in circumstances similar to yours. I would advise you to wait until your doctor says you are physically fit to take on the added responsibility. The recent loss of your own baby has doubtless taken much greater toll of your health than you, at the moment, suspect. Take your time, but don't give up the idea.

One of God's greatest blessings, and one which, strangely enough, many people don't believe, is that we are not limited in our capacity for love. Though you probably will always have a shade more affection for your own child, it is the actual care and rearing of a baby that endears it to parents. So you'll learn in time that there is almost no difference—perhaps there will be none—in your feelings about the two youngsters.

I recommend for your reading a book that has the full approval of the Child Adoption Committee. It is called "The Adopted Family," is published by Crown Publishers of New York, and sells for $2.50. The authors, Florence Rondell and Ruth Michaels, have written the book in two volumes—one for the parents and one for the child. You will find the work most helpful.

Good luck to you and your family; don't be deterred from your fine plans.

DEAR MISS DIX: Bob and I have been going together for several months. He is 17, I am 14. He claims I should prove that I like him by giving up all my other friends. Since I can only see him once a week, that means I would have to give up all other dates. Should I?

BARBARA

ANSWER: You are much too young to be tied down to one boy. Don't let Bob's selfishness deprive you of all the fun a teenager should have. You shouldn't feel compelled to "prove" that you like him, anyway. He should take your friendship for granted, without exacting unreasonable promises.

DEAR MISS DIX: I am very fond of the boy I go with, but he insists on kissing me in the movies whenever we go. I don't like this, but am too bashful to tell him so.

A. B.

ANSWER: You are quite right to object; however, since you have already permitted him to kiss you in the movies, you'll have a bit of a job convincing him that you really do object. You must learn to make your conviction clear, even though you are bashful. Tell him you won't go with him again unless he behaves as you wish. He may get peeved for a while, but he'll get over it.

DOROTHY DIX sheds new light on an old problem in leaflet D-3, "Mothers-in-Law." To obtain a copy, send a 3-cent stamped, self-addressed envelope to Miss Dix, c/o this newspaper.

Body Of Farmerville Man Returned To US

The body of Marine Cpl. Charles Henry Hines arrived in San Francisco Thursday aboard the S. S. Princeton Victory with the bodies of 209 other Americans who died fighting in Korea. He was the son of Carroll W. Maddox of Haynesville.

The casket, draped with an American flag, will be accompanied by an honor guard to the city designated by his parent.

Jellied tomato salad has so many uses--it's delicious served with a cheese souffle, broiled shrimp, fried fish fillets, or roast beef. Flavor the tomato juice used for the salad with grated onion, lemon juice, and freshly--ground pepper. Finely diced celery added to this aspic makes for good texture contrast.

ST. MATTHEW'S HOLDS DEVOTION

N. O. Priest Conducts Period; Miss Norman Homecoming Queen

The Rev. E. A. Fastner, C. S. S. R. of New Orleans, led St. Matthew's Parish in the annual Forty Hours Devotion which was observed at the church from Sunday October 19 through Tuesday the twenty-first. During this period of prayer and recollection, the Most Blessed Sacrament was exposed on the main altar for the adoration of the faithful. The students of St. Matthew's School, both in the elementary and the high school departments attended special holy hours during the three-day devotion. Father Fastner, a Redemptorist, gave a series of talks to the high school girls and boys bringing before them again the great truths of life and religion.

As a closing feature of the tridium of prayer on Tuesday evening at 7:30, the Sodalists presented the Living Rosary in the church. This was followed by a Procession of the Blessed Sacrament, Father H. Sheldon, officiating. Then the chanting of the Litany of the Saints was rendered by the clergy in attendance. These included the Right Rev. J. C. Marsh, who presided in sanctuary, the Rev. E. A. Fastner, C. S. S. R., the Rev. Patrick O'Brien, OFM, the Reverend Arsenius, OFM., the Reverend Clement, OFM, the Rev. Odo, OFM, and the Reverend Umilis, OFM. Father William Allison directed the high school choir in the traditional hymns for the services, with Sister Aloysius at the organ. Knights of Columbus formed the guard of honor before the tabernacle.

Miss Joan Norman, daughter of Mr. and Mrs. Ralph Norman, of West Monroe, reigned as 1952 homecoming queen of St. Matthews' School, October 24 when the Fighting Irish met with Junction City, Ark., on Brown's Field. Miss Norman's escort was co-captain, Roland Stratton.

Miss Barbara Shroeder, daughter of Mr. and Mrs. Shroeder of Monroe, attended the queen as maid - of - honor. She was escorted by co - captain Nicky Conti. Maids in the court and their escorts were Betty Ann Eberts and Ralph Norman; Betty Britt and Joe Inzina; Rosalind Eberts and Vincent Marsala; Mary Ann Pitaro and Johnnyn Accordo; the Rt. Rev. J. C. Marsh, pastor and director of the school, was master of ceremonies, and the Rev. William Allison placed the crown on Miss Norman. Harvey Ray Sweet was crown - bearer. Honorary guests for the occasion were Mrs. Ralph Norman, Mrs. Bert Shipp, and Mrs. Edwin Jenevein.

Prior to the homecoming classic played on the local field the Matthuettes, the talented squad under direction of Mrs. Raymond Sweet initiated the program of the evening with an entrance both spectacular and colorful in maroon and white. The Matthuettes entered the field in V formation and took respective places on either side of the court. The tremendous applause rendered by the enthusiastic crowd of spectators gave ample testimony of the girls' exceptional ability.

At student participation meeting Wednesday, October 22, St. Matthew's high school students were privileged to hear Father W. Allison give a most instructional talk on the moral objectivity of honesty. The talk was delivered as part of the school's observance of United Nations' Week.

Cat World Truce Too Unsettled

NEW YORK, Oct. 25 (AP)—Latest truce negotiations have failed to bring real peace to the cat world.

Both camps remain adamant.

National Cat Week, Inc., of Pittsburgh, Pa., insists "the original National Cat Week" is Nov. 2-9. The American Feline Society, Inc., of New York, also refuses to budge. Its "National Cat Week" is Nov. 5-11.

"I offered them the olive branch but they didn't even answer my letter," said Robert Lothar Kendell, president of the Feline Society.

"It's stupid for both groups to tear our hearts out over two cat weeks. In the interest of harmony, for the sake of the millions of cats we're both trying to help, we ought to get together on one week. Having two only confuses the public."

From the other side of the fence came this statement from NCW President Guy Bogart:

"Personally, I wish both groups God speed. ...The original NCW wishes no monopoly in helping get folks to love, appreciate, understand and give better care to cats. . . . Their motives are known to themselves. I have no desire to make any challenge. Anyone who will help inform the American public on the value and lovable qualities of all cats belongs to our fellowship."

Despite the division in the ranks of cat lovers, cats have been moving steadily forward to a better about 10 million cats are still homeless, cats have moved up from 12th to second as America's favorite pet.

It's Your Deal

If you play two-handed pinochle, you already know that it's a fine game. But maybe you've never thought of spicing it up with the sort of double that is used in the game of backgammon.

Let's suppose that you're playing against us for one chip per hand. That is, each hand is a unit by itself. If you win it, you collect a chip; if you lose the hand, you slide a chip across the table to us.

We begin a hand, and we meld 100 aces very early in the hand. At our next turn to play, just before we take a card out of our hand, we say "Double." This means that you must either agree to play this hand for two chips (instead of just one) or you must resign and give us one chip without playing the hand out.

The chances are that you would resign in view of the fact that we have already melded 100 aces. This would save time for all of us, since the chances are that you were going to lose this hand anyway.

You wouldn't always resign, however. You might happen to hold a flush, worth 150 points, and you would expect to meld that flush and win the hand. So you would accept the double, meld your flush, and win two chips instead of one.

Let's carry it a little farther. When you had melded your flush, you would say "Redouble." This would turn the tables on us. We would have to agree to play the hand for four chips, or we would have to resign and pay two chips without finishing the hand.

If we accepted the redouble, we would later have a chance to double it up again. This would force you to play for eight chips or resign. And so on, and so on. At least, theoretically. Actually, very few hands work up to the eight-chip level; and a 16-chip hand is a great rarity.

When you get used to doubles and redoubles, you learn that the best time to double is before a big meld—not afterwards. You want the opponent to accept the double, so you delay your meld until he has swallowed the bait—and then you spring the big meld on him.

When your opponent gets used to the idea that a double probably means that you are ready to make a big meld, you can put over a bluff double when you have a poor hand. Quite often he will be afraid to accept your double, and you will win his chip because he resigns.

Most players who try doubles and redoubles like them better than the original game.

Why Grow Old?

By JOSEPHINE LOWMAN

We in this country are hearing more and more about Italian fabrics. The other day in New York I had a talk with Eleanora Garnett in her shop .

Miss Garnett is a stunning looking blond. She is vivacious and charming. She told me that her workshops are in Rome. After marrying her Italian husband she started using Italian fabrics exclusively. These are exceptionally beautiful in color and texture. She has a great feeling for color and many of her fabrics are woven especially for her in the colors she prescribes.

During the interview I had the opportunity to ask this distinguished designer to plan what she considers a basic wardrobe for the average woman who cannot spend much money on clothes but who wishes to be chic.

Here is her outline. I hope it will help you plan your wardrobe:

Basic Dark Dress

1. A basic dark dress, light weight wool, long sleeves. This dress should have buttons and belt which are covered with the same material the dress is made of. You can go shopping in this dress but if you want to use it for luncheon you can add a colored scarf or fur piece and a hat.

The same dress can be turned into an attractive costume for the dinner hour. Push the sleeves back, wear colored gloves and a spectacular something about your neck. If you are wearing a hat it should be dressy, too.

You can even highlight this kind of a dress for dancing. Buy two and a half yards of soft taffeta or a scarf with fringed edges and tie it about your waist as a sash. This should be in some lovely color. Miss Garnett recommends that the basic dress be of a dark shade because colors are remembered and therefore not adaptable to varied uses.

2. A three piece outfit, skirt, blouse and coat, of the same material. This should be single breasted, tailored, and button up to the neck. You can wear the skirt with different blouses or button the coat all the way up. Miss Garnett does not believe that double-breasted suits are good for size twenties.

Skirt and Blouse

3. For evening buy separates. The skirt should be black whether slim or full. You can use a lovely color in the blouse and sash. These latter two should be the same color. Then you can use the same skirt with a beaded bra type top and a long scarf. If you have a colored skirt you can have a scarf of the same shade. A white satin skirt can be used effectively with many different tops and is especially attractive in combination with a black velvet top and a red belt.

Eleanora Garnett has some definite ideas about a happy marriage and also about health. She said, "The dining room and the bedroom are the two most important rooms in the house. I never care too much what the rest of the house looks like." She finished with, "My doctor says that if I did not work so hard I would be sick. I am very busy. I work very hard. Sometimes I am happy and sometimes I am mad but I am always alive. It stirs up the blood."

Tomorrow: "Good Complexion Vital to Inspire Confidence."

Act 494 (House Bill No. 305) of 1952 proposes to amend and reenact Section 14 (c) of Article XIV of the Constitution, so as to authorize governing authority, whether the police jury as to sewerage districts created by or any municipality as to sewerage districts created by it, to incur debt and issue negotiable bonds for the purpose of constructing and maintaining sewers and sewerage disposal works for such districts.

DEMONSTRATES MICROFILM READER—Miss Frances Flanders, head librarian at the Ouachita Parish Public Library, is shown demonstrating the latest equipment purchased by the library, a Kodagraph microfilm reader, to Ernest J. Baldwin, 526 Glenmar Street, Monroe. The new machine with special 16 millimeter film, will replace the many shelves of back magazine files. (Staff photo by Leon Noland, Jr.)

Microfilm Equipment Is Put To Use By Library

A new microfilm reader, the newest library equipment to be put on the market, has been purchased and installed by the Ouachita Parish Public Library, Miss Frances Flanders, head librarian, announced today. This is the second machine of this type to be installed in north Louisiana.

The only other microfilm reader in a public library in north Louisiana is in the Shreveport library, which installed the machine last year.

The reader, which is available for use by all patrons of the parish library, was obtained in order to eliminate the "excessively large number of magazines" which must be held in case of reference. Through the use of this machine and the 16- and 8-millimeter film, on which the back issues of the more popular magazines are photographed, the amount of space required is made almost negligible.

Miss Flanders, in pointing out this single advantage of the new machine, cited the case of the Saturday Review of Literature, one of the more frequently used publications. In comparison with the amount of space taken by the magazines on film and actual size Miss Flanders stated that one year's accumulation of the publications required a space of approximately seven by eleven inches. When reduced to the film, 26 years of the same magazine can be filed in a space of four by twenty-six inches. This comparison, she said, was reached by actual measurement.

The film on which the magazine pages are reduced to one-twentieth of the actual size is put into the machine in much the same manner by which a camera is loaded. After that, the reader may turn the film at the rate desired as he reads the printed matter which is focused on a screen as clear as the printing actually is on the original publication.

"The only drawback that we can find," Miss Flanders stated, "is that it cannot give the color reproductions in such magazines as Holiday and gardening publications." However, the librarian said she felt this would be developed and perfected within a few years.

Commenting on the price of the film in comparison with the price of the magazines and binding of these publications, Miss Flanders said it was approximately the same. She pointed out that the films are not available to any library or other institution which is not subscribing to the magazines. If this were done, she said, many places would not take the magazines, but rely on the purchase of the films at the end of the year. In conjunction with the magazine publishing houses, film company has worked out an agreement which is working harmoniously for both sdes.

The film is produced and sold by the University Microfilm Corporation of Ann Arbor, Mich., which is now reproducing approximately 200 different publications and has advised its patrons that the number will continue to increase as it has in the past few years. Many of these films, however, are of very technical or specialized publications which would not be of interest to the public.

The librarian stated that many magazines will be retained from the library, especially those published during the past three years. These, she said, are being kept for those who wish to take them out for reference work. However, the films will always be available to those who wish to take advantage of them, Miss Flanders stressed.

Here's a good menu for a buffet supper: Baked ham with Raisin Sauce, Potato Puff, cole slaw with attractive garnish, hot buttered biscuits. Serve a layer cake or apple pie with cheese for dessert—with lots of hot strong coffee, of course.

Add the juice of half a lemon to a cup of evaporated milk when you are whipping the milk. You'll find that a firmer and more lasting whip results.

Little Theatre Curtain Call

By SUE SHARMAN

Attention! Attention! Attention! Here comes a special treat for all fans and friends of Little Theatre. As you know, because we said so yesterday, and because it was printed plainly in the "Room Service" playbook, try-outs for "The Petrified Forest" are being held Tuesday and Wednesday nights. But, we have a special added attraction for those of you who come to try-outs on Tuesday night.

Sylvester Breard, new speech and drama teacher at Northeast La. State College, has directed three of his students in one of the most famous of all one act plays, "Box and Cox." Our director saw this production on Friday morning when it was presented for the entire student body at Neville High School. He was so impressed with it, that he invited Sylvester and his cast to repeat the performance at the Little Theatre prior to try-outs on Tuesday. That's the treat. Bob Jackson, the popular Gribble from "Room Service" is in the play, along with Bill Harrington and Alice Montgomery.

So the first night of try-outs promises to be full of entertainment. "Box and Cox" will be presented at 8:00, followed by a short intermission, and then Stocker Fontelieu will hold try - outs for "The Petrified Forest." There will be no admission charge. All friends of Little Theatre are invited.

It has occurred to your reporter that it is almost the duty of more of us to try out than have in the past. An organization as large as we are, which gives entertainment to so many people, should help the director. Here's what I mean. "The Petrified Forest" has a cast of twenty - one. Eighteen of this total are men. Getting the three women will not be difficult. Getting the eighteen men will be.

This is a wonderful play. We have just read it, and it is as powerful as anything we have had on our stage. There are just four weeks of rehearsal. That means there is no time for the director to beat the sidewalks trying to cast the play. It is up to us to help him. Look at the case of "Room Service." There were fourteen people in that. Not one of those fourteen had the necessary four weeks to give to rehearsing, but each felt an obligation.

Those people remembered the enjoyment they had derived from the Little Theatre in the past. They knew that if it was to continue to give the kind of entertainment that we want here in the Twin Cities, that they would have to find time to be in the play. No one ever has that much time to give. But, if you want to be in a play, you can find time. Anyone can. The director will bend over as far backward as he can in being cooperative with those cast members who need time off. He has attempted to keep the rehearsal hours to a minimum, and there are no rehearsals on the week ends until the one before the opening.

ening.

Have you ever entertained the thought of acting? Of course you have. Everyone has. Just because you may not have had any previous experience will not stand in your way. If the director had to wait for people who have had experience, we wouldn't ever get a show on.

How about trying out for "The Petrified Forest." You will enjoy it. Ask any of the fourteen who have just come through "Room Service" with flying colors. They will tell you that they got tired along the way, but there is not one of the lot who will say that they wanted to drop from the cast until the production finished its eighth performance.

Help your Little Theatre. We never can tell how much longer we'll even have a Playhouse to perform in. Let's take advantage of it while we can. 'Cause remember Theatreites, when Selman Field moves in Little Theatre will be house hunting again.

There are two points to remember in using fresh pork: Keep it well refrigerated until it is used, and cook it slowly and thoroughly.

BIG BAZAAR IS BEING PLANNED

St. Matthew's Women To Hold Annual Event November 11 And 12

The ladies of St. Matthew's congregation have been busily engaged for the past few weeks perfecting plans for their annual bazaar to be held on November 11 and 12, in St. Matthew's gymnasium on Grammont Street.

Mrs. Stanley Hodges, general chairman, states that the ladies are working with much enthusiasm and every effort is being made to make this an outstanding event. It is impossible to name the hundreds of workers, but in passing we would like to say "hats off" to Mr. Sidney Joffrion who was instrumental in securing a Universal Electric blanket which will be one of the fine prizes offered.

Mrs. B. W. Morrison, kitchen chairman, states there will be turkey dinners with all the trimmings, luscious home made cakes and pies. Each night real creole gumbo dinners made by Mrs. John Guerriero, or turkey dinners, whichever suits your taste, will be served. There will be good food and good fun for all.

Mrs. Edna Grundman, with her corps of workers from the Newcomers Club, is busy making creole sea food gumbo which they will freeze in quart containers and you will be able to buy it to take home for your deep freeze. Mrs. Grundman is a New Orleans girl and really knows how to make that creole gumbo.

Other members of the Newcomers Club under the direction of Mrs. Virginia High and Mrs. Gertrude Goldman are sponsoring a "country store" where you can find anything you want from homemade preserves and pickles, potted plants, to ear screws, veil hats for evening, Christmas decorations. That is just a few of the many items they will have.

There will be plenty of food, fun, prizes and surprises for all. Watch the papers for late news about it.

Nut bread is wonderful to have in the house! It's good sliced thin and served for a television-time snack. It makes a fine addition, with a cream cheese and jelly filling, for a lunch box. It's delicious served with soup and a salad for lunch.

LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WIGGAM, D. Sc.

Reg. U. S. Pat. Off

Answer to Question No. 1

1. No, according to nurses whom I have interviewed. They say women are more fussy, less considerate and ask nurses to do trivial things that a man never would think of. They usually say they would rather take care of two men than one woman, not because they are especially interested in men, but because it's easier.

Answer to Question No. 2

2. Sometimes, but far from always. The late psychologist Grace Fernald found a 13 year-old girl in a school for the feeble-minded, whose IQ was rated at 39. She couldn't read her own name. After giving her a non-reading test Dr. Fernald found her IQ 137. She taught her to read by methods she invented. Later, the girl was graduated from the University of California with Phi Beta Kappa honors. Our booklet (based on her work), "How To Read Better and Faster," sent at cost, 15 cents (coin only) plus self-addressed, stamped envelope.

Answer to Question No. 3

3. Not much. To tell people there are 700,000 mentally sick people occupying beds in our nation's hospitals doesn't register deeply because few can grasp a clear mental picture of 700,000. But to say this is the total population of the State of Utah gives a fellow something he can get his mind around—but the number is hardly half the beds we need. It scares me. I hope it'll make as big a dent in your head.

How to Read Faster and Better

Six simple but priceless rules to help double your reading speed. A remarkable key to knowledge and success. Write Dr. A. E. Wiggam in care of this newspaper, enclosing 15 cents (coin only), plus self-addressed, stamped envelope, for a copy of the booklet, How to Read Faster and Better.

REDSKINS OUTLAST BOLL WEEVILS, 36 TO 20

NORTHEAST HAS TO FIGHT FROM BEHIND TO WIN

Three Fast TDs In Final Period Sink Arkansas A. And M.

MONTICELLO, Ark., Oct. 25.. (Special) —Before a capacity crowd here tonight, the Northeast Louisiana State Indians defeated the Arkansas A. and M. Boll Weevils, 36-20. The Indians struck by air and land for two first period touchdowns and a field goal and three fourth quarter tallies, while the Weevils confined all their scoring to the second and third stanzas.

Halfbacks Press Berry, Ed Plonsky, and Vince Zappone sparked the Indian running attack, while Lloyd Ray's passes, numerous and deadly, found ends Ron Gunter and Jack Brown making some spectacular catches.

STATISTICS

	N'East	A&M
First downs	10	10
Yards rushing	238	148
Yards passing	165	61
Total yards gained	303	209
Passes attempted	11	16
Passes completed	5	8
Passes intercepted by	1	1

The Indians wasted no time opening the scoring activities, when immediately after the opening kickoff, the Boll Weevils were held and forced to punt on fourth down. The kicker was trapped and tackled before he could get the ball away, and it was the Indians' ball on the Arkansas ten. On the first play, Quarterback Lloyd Ray tossed a short pass to End Robert Gunter, who snagged it on the four and dove over for the inifial six-pointer. Don Dedon's place kick was good and the score was 7-0.

Following Northeast's second kickoff, Arkansas A. and M. was forced to punt again, and, with "Red" Nix and Press Berry alternating the ball-lugging duties, the Indians drove to the Weevils' 24. A Ray aerial to Ed Plonsky was good to the nine-yard line, and Nix and Berry toted to the two, with Nix plunging over. The touchdown was nullified, however, and Northeast penalized back to the seven, from where Dedon entered the game and booted a perfect field goal to run the score to 10-0.

Northeast kicked off again, and on the first Arkansas running play, Mazzanti fumbled with alert Indian back Bill Lee recovering. Berry chalked up a first down to the Weevils' 20, from where Plonsky broke loose for another touchdown. Dedon's placement was again good, running the score to 17-0.

For the fourth time in the first quarter, the Indians kicked off. A 15-yard clipping penalty set the Weevils back after Grassi had racked up their first down only to have it nullified. The penalty ended the first quarter.

An Arkansas punt, fumbled by the Indians on the 16 yard line, was recovered by the Weevils' Lou Ciarlotta, from where Mazzanti and Grassi alternated carrying to the goal line. Quarterback Jack Haynes scored for Arkansas on a quarterback sneak, and Owen's placement was good, making the score 17-7.

Just before the half ended, Arkansas' Haynes completed a pass to End Hubert Heflin, who lateraled to Owen, the latter going 55 yards to paydirt. The run was nullified however, as the officials ruled Heflin's knee was touching the ground when he lateraled. This play ended the half with the Indians leading 17-7.

In the third quarter, an Indian fumble recovered by the Weevils on the Northeast 14 paved the way for the second Arkansas score. A completed pass, Haynes to Heflin, took the ball to the four, and Haynes again scored on a quarterback sneak, after the Indian line had held for three downs on the six-inch line. The attempt for point was no good, and the score remained 17-13.

A beautiful 65-yard run by the Weevils' Russ Bulloch on an Indian punt return was called back late in the third quarter, and Arkansas penalized 15 yards for clipping. Undaunted, the Weevils started to drive as the third period ended. With Haynes passing, and Mazzanti running, they advanced to the Indians' six, where a Haynes' aerial to Heflin was good for a TD. Owen's placement kick was good, and for the first time Arkansas A. and M. led 20-17.

Northeast, trailing by three points in the fourth period, came storming back with a vengeance to rack up three tallies. Billy Joe Milstead dashed off sparking run to the Weevils' ten, and after Berry had carried to the five, Vince Zappone scored over right guard, and Dedon's kick from placement was successful, to put the Indians back in front 24-20.

A few minutes later, Ray completed a short jump pass to end Jack Brown, for the most spectacular play of the game, Brown speeding 72 yards unmolested for another TD. This time Dedon's kick was blocked.

After a double exchange of fumbles on the Weevils' three with Arkansas finally retaining possession long enough to kick out, Lloyd Ray faded back and heaved a long aerial to Brown, who snagged the ball on the five, and went over for the final Indian score on the final play of the game. Dedon's try for point, after regulation time had expired, was low.

Rick Casares Ramrods Florida In 30-0 Upset Over Georgia Bulldogs

JACKSONVILLE, Fla., Oct. 25 (AP)—Rick Casares, one of the greatest natural athletes in Florida history, had his greatest day yet today, bulling his way for a 30-0 upset victory over Georgia.

Casares ran for one touchdown, kicked a field goal and three conversions to lead Florida to the most decisive victory it ever has scored over Georgia.

Buford Long, leading Southeastern Conference scorer, added to the Florida hoop-la with a 77-yard touchdown jaunt, Quarterback Doug Dickey rammed a yard and Fred Robinson passed 11 yards to Len Balas for the other touchdowns.

Georgia's hopes of a Southeastern Conference title flickered after three straight league wins. This was Florida's first conference victory.

MIDDIES BATTLE QUAKERS TO TIE

Navy's Goal Line Defenses Spike Thrusts By Penn

PHILADELPHIA, Oct. 25 (AP)—Steve Schoderbek a fugitive from the Jaycee squad, and an gave battered, underdog Navy a 7-7 tie with previously unbeaten Pennsylvania today in a frenzied football game of fumbles, intercepted passes and wasted opportunities.

A near sellout crowd of 65,000 at Franklin Field saw powerful Pennsylvania drive within the shadow of the midshipmen's goal five times only to be thwarted either by its own impotent scoring punch or alert defenses.

Penn marched inside Navy's five twice in the opening period before a break gave them their Navy on his own three-yard line and Gary Scott, Penn's halfback recovered. On the second try, Don Zimmer, 218-pound plunging fullback, smashed over.

Carl Sempier converted and the Quakers had a 7-0 lead, with ten minutes gone in the ball game.

It seemed only a matter of margin or add to it until late in the third period when Schoderbek lit the fuse for the 94-yard Navy touchdown drive.

The 180 - pound quarterback from Duquesne, Pa., ripped off gain after gain through Penn's reeling defenses, carrying the drive almost alone from his own six to the Penn, 33 where he threw a 33-yard touchdown pass to Fred Franco, senior fullback from Newport, R. I.

Score by quarters;

Navy	0	0	7	0—7
Penn	7	0	0	0—7

Navy scoring: Touchdown, Franco. Conversion, Hempel. Penn scoring: touchdown, Zimmer. Conversion, Sempier.

'BABE' CAPTURES 5TH TEXAS TITLE

Mrs. Zaharias Easily Disposes Of Miss Riley, 7 And 6

FORT WORTH, Tex., Oct. 25 (AP)—Mrs. George (Babe) Zaharias captured her fifth championship of the Women's Texas Open Tournament today, blistering Fort Worth's Polly Riley, 7 and 6 in the 36-hole finals.

It was Mrs. Zaharia's first victory over the young Curtis Cup team player in three meetings, but she battled fatigue and a blazing sun to snap the Riley jinx decisively.

The Babe went up on the third hole of the morning round with an eagle 3 on the 427-yard test. She made the turn 2-up on Polly and 1-under par with a 36. The stocky hometown favorite whittled the deficit to one hole on 13 but Mrs. Zaharias rattled off par-birdie-birdie on the last three holes to go to lunch enjoying a 4-up cushion.

Polly's short game collapsed on the front nine of the afternoon round and Babe hurdled into an 8-up advantage despite a five-over 42. Polly's 46 was the highest she's recorded on her home course in years.

Miss Riley dropped a 25-foot putt for a birdie win on 11 but Babe executed a marvelous blast shot to five feet from the pin on 12 to halve Polly's par and end the match.

FURMAN TRIUMPHS

DAVIDSON, N. C., Oct. 25 (AP)—Furman's Purple Hurricane concentrated its fury in the second period today to gain a 14-13 Southern Conference fooeball victory over Davidson. Aside from the two touchdowns and vital conversions by freshman Halfback Gus Pringles, the Hurricane was reduced to a gentle zephyr.

It's Finally Official; Neville And Ouachita To Play Thanksgiving

It probably isn't "news" anymore, but the Neville-Ouachita football game for Thanksgiving Day is now official.

Earlier this week officials of the crosstown schools met to sign a two-year contract calling for the November 27 date this year and a November 20 meeting in 1953. But they decided to make no announcement except through the mails to the press and radio.

A letter dated October 23 and postmarked October 25 after a postage due holdup and delivered to the News-Star—World yesterday under the joint signatures of I. C. Strickland, principal of Ouachita Parish High, and Paul J. Neal, Neville principal, said:

"A joint meeting was held by officials of Ouachita Parish High School and Neville High School this morning (Thursday) and a contract was agreed upon for football games to be played by these two institutions Thanksgiving Day, November 27, 1952, and November 20, 1953. Further announcements concerning plans for ticket selling will be made in the near future. No ticket reservations will be taken by either school until complete plans have been announced to the public."

PURDUE PASTES ILLINI, 40 TO 12

Samuels' Passing, Flowers' Catching Sparks Boilermakers

CHAMPAIGN, Ill., Oct. 25 (AP)—Purdue's perfect - pitching Dale Samuels hurled four touchdown passes—three to glue - fingered End Bernie Flowers—to match a Big Ten record and crush favored Illinois 40-12 in a nationally televised game today.

The Illini helped spoil their own homecoming before a capacity 71,119 by pressing the versatile Boilermakers with a virtual 8-man line that left Illinois' secondary a bewildered victim of Samuels' aerial wizardry.

Samuels, directing a brilliant game at quarterback, completed 12 of 14 for 179 yards in his riddling of Illinois' air defense.

Maintaining their undefeated stride in the Big Ten race with co-leader Michigan, the Boilermakers struck for two touchdowns in each of the first two periods and had the game in hand at half-time, 27-6.

Flowers grabbed payoff pitches of three yards and two of 25 in rapid succession in the second quarter from the poised Samuels who easily outshone Quarterback Tommy O'Connell of Illinois in their "pitchers' battle."

Score by quarters:

Purdue	13	14	7	6—40
Illinois	6	0	0	6—12

Purdue scoring: Touchdowns, Flowers 3, Schmaling, Heninger, Redinger. Conversions, Samuels 4. Illinois scoring: Touchdowns, Ryan, Backouros.

Harvard Tops Dartmouth For 1st Time Since '46

CAMBRIDGE, Mass., Oct. 25 (AP)—Harvard's talented triple-threat halfback, Dick Clasby, threw two long touchdown aerials and scored once himself today to spark the once-defeated Johnnies to a 26-19 comeback triumph over a fired-up band of Dartmouth Indians.

His brilliant performance brought Harvard its first win over Dartmouth since 1946.

He twice contacted Halfback Johnny Ederer in the clear—on throws of 28 and 39 yards—for Crimson tallies. He bulled over for a four-yard touchdown and held the throttle on the other Harvard scoring march which saw Fullback Johnny Culver scoring from a yard out.

Ouachita Resumes Action With Byrd Friday; Neville To Invade Tallulah

St. Matthew's, Holly Ridge Here Thursday; L. T. I. Visits

The Ouachita Parish High School Lions and the Neville High School Tigers, their own hometown meeting now assured for Thanksgiving Day, come back from an open date this week to plunge into the remainder of their schedule.

Coach Jim Hodgins' O. P. H. S. Lions will be host to the Byrd Yellow Jackets of Shreveport here Friday night, while Coach Bill Ruple takes his Bengals to Tallulah for a Class A meeting with the Tallulah Trojans, unbeaten in conference play.

St. Matthew's Fighting Irish and the Pels of Louisiana Training Institute kickoff the week's grid program for Monroe with Thursday dates. The winless Irish meet the Holly Ridge Eagles here Thursday while L. T. I. will be at Columbia, Miss., for its second game of the season with Mississippi Industrial School. The Pels beat the Mississippi outfit here earlier in the season.

Byrd's Jackets haven't shown the power this year of former seasons, but Ouachita has failed to live up to pre-season expectations. So Friday's game here might prove a thriller as each battles for a comeback. Byrd last Friday night fell before Haynesville, the latter beaten by Ouachita. The Lions were felled on their last outing by Fair Park, 27-7, and are just as anxious as the Jackets to better their season mark.

Neville, once-beaten in conference play, is expecting an uphill battle with the Trojans of a former Neville mentor, Coach Devon Payne. Tallulah's only loss of the year was in the season opener with Greenville, Miss., a power in the Big Eight conference. Neville will get a look at hard-running Howard Brown, who is also a capable Trojan passer, and face the thrusts of Fullback Arlen Gardner, a 185-pounder who works as a tackle on defense.

The Tigers have been bothered all week with colds and influenza with as many as ten gridders having felt the ravages of illness during the week, but Coach Ruple hopes to have his boys ready in time for the Tallulah trip.

Bastrop, Twin Cities, And Oak Grove Boxers Compile Entire Card Monday

Ray Vs. Tricell In Main Go At Gus Kallio's Arena

With a local boy, O. T. Tricell, of West Monroe, going a scheduled eight rounds in the main bout against Norris Ray, the Bastrop bomber, the boxing card at Gus Kallio's Arena tomorrow night promises to be even more exciting than the inaugural show two weeks ago.

Ex - Tar Tricell, with a convincing persistence, talked Promoter Kallio and Matchmaker Ray Campbell into giving him a shot at Ray, whom he insists he can beat. His record of 40 consecutive wins without a defeat backs him up, but fans who saw Ray take all Charley Brackey had to offer, which was plenty, and still remain on his feet slugging away, know that the Bastrop belter can take it as well as dish it out. So, when Tricell stated he was sure he could beat either Ray or Brackey, he may have bitten off a very large chunk.

Ever-pleasing Earl Pardon, the Oak Grove boxing master, meets "Spider" Priest of Bastrop in the semi-final. This featherweight bout, scheduled for six rounds, promises to be even more pleasing than Pardon's former appearance, when he decisioned ring-wise Ray Smith of New Orleans.

Two four-rounders complete the card. In one, Pardon's younger brother, L. D., fights his first pro bout against Jack Duncan of Bastrop, in another featherweight battle. This bout, with two eager youngsters in their first pro appearance, could easily steal the show.

In the opening prelim at 8 o'clock, Mickey Meekin, the rugged Bastrop Negro, is matched against Willie Davis of Monroe, in a four-rounder. Meekin, fast and tough, an experienced ring vet, and always difficult to match, meets another tough Negro lad. Little is known about Davis, except that he was selected by the matchmaking Campbell brothers, whose record for pleasing matches is well-established.

Officials for tomorrow night's program will be "Stick" Atkins, Bastro, referee; Lloyd Priest, Bastrop, timekeeper; Harold Cornet, Monroe, judge; Charley Martin, Bastrop, Judge; Lawrence Gibbs, Monroe, announcer.

Promoter Kallio states there will be three ticket windows open for the fans' convenience tomorrow night.

FOUR BALL PLAY IN THIRD ROUND

Woods-Girault And Schonlau-Bradley Leading Way

SPTS — FOUR BALL ..... BH

The teams of Wayne Woods-E. S. "Shep" Girault and Dr. J. W. Schonlau - Richard Bradley have led the way into the third round of the Bayou DeSiard Country Club Four Ball Golf Tournament.

Girault-W. Woods advanced past the second round by dropping Bobby Shafto and Harold Woods Sr., 3 and 1, while Dr. Schonlau and Bradley climbed over Dr. T. A. Brulte and Clyde Nash, 2 up.

Another second round match that pitted Clark Upp and Curtis Nichols, the tourney medalists, against Ed Hemphill and Bill Jones was all even after 18 holes when time was called, and Bayou pro Winnie Cole said they will resume action in a sudden death playoff tomorrow evening at 5 o'clock.

One other second round match still to be played today sends H. G. Prophit and C. B. McMahan against Ed Shaver and Jack Masur.

Newellton 'B' Bruins March To 34 To 7 Win Over Vidalia's Vikings

NEWELLTON, La., Oct. 25 (Special) — The Newellton High School "B" team downed the Vidalia Vikings here Thursday 34 to 7 as loyal Newellton football fans got a good look at future football possibilities of the local eleven. There were 19 young and every one of them saw action.

The scoring for Newellton was done by Halfback Buddy Palmer with two runs of five yards and 15 yards, Maxie Brown with a seven-yard run, Bobby Kelley with a 30-yard run after recovering a fumbled punt and little 120-pound Parnell Barfield, cousin of Ray Higginbotham, on a run of eight yards. Conversions were made by Norman Head, John Wood, Maxie Brown and Buddy Palmer, all by running the ball over.

The lone Vidalia score came in the third quarter when halfback Arnell Tipton ran 57 yards through the Bears' defense. Conversion was made on a pass from Quarterback Landry to End Hart.

The 1952 World Series was only the 12th out of 49 series to go the limit. All have been a "best-out-of-seven" except the first in 1903 and the 1919-20-21 classics which were "five-out-of-nine" sessions.

K-State Can't Match Oklahoma's Thrusts; Sooners Win, 49 To 6

NORMAN, Okla., Oct. 25 (AP)—Oklahoma's high-scoring Sooners paddled Kansas State, 49-6, after a sputtering start today and moved one step nearer a successful defense of their Big Seven Conference gridiron championship.

The Kansas State crew refused to be impressed at the outset by Oklahoma's third place ranking in the Associated Press national poll.

Halfback Billy Vessels took charge late in the opening period, however, with a touchdown that opened the gates and it was strictly no contest the rest of the way. It was the fourth straight triumph for the unbeaten but once-tied Sooners and their 32nd conference conquest without defeat.

WOLVERINES WIN GOPHER CONTEST

Michigan On Top 21-0 To Claim Little Brown Jug

ANN ARBOR, Mich., Oct. 25 (AP)—Michigan paraded for two first period touchdowns and added an insurance score in the final period to beat Minnesota 21-0 in the battle of the Little Brown Jug.

The improving Wolverines racked up their third straight Big Ten victory and maintained their first place tie with Purdue in the conference race.

A crowd of 70,858 saw Michigan's newly discovered fullback, Dick Balzhiser, plunge for the two scores and veteran Quarterback Ted Topor go over for the other.

The Wolverines clinched the victory with a workmanlike touchdown march of 81 yards in the final period. Balzhiser bucked over for the last yard.

Despite a sharp threat from Minnesota star Halfback Paul Giel, who powered a first period drive to the Michigan one before the Gophers stalled, the Wolver- opponents.

Ted Kress, named Associated Press' back of the week last week, came out with 64 yards on 16 carries. Giel got 50 yards on 21 tries.

Kress passed for 46 yards on three completions in eight tries. Giel completed half of his 18 tries for 50 yards.

Score by quarters:

Minnesota	0	0	0	0— 0
Michigan	7	7	9	7—21

Michigan scoring: touchdowns, Balzhiser 2, Topor. Conversions, Rescorla 3.

Punchless Iowa State Tumbles To Missouri

COLUMBIA, Mo., Oct. 25 (AP)—Cold and jittery, but always on the march, the Missouri Tigers got themselves together for three touchdowns in the second half in a 19-0 victory over punchless Iowa State today.

The victory, scored before 14,000 fans in 77-degree weather, was the second in the conference for Missouri against no defeats and the fourth league loss for Iowa State in as many starts.

William And Mary Too Powerful For Spiders

WILLIAMSBURG, Va., Oct. 25 (AP)—The brute force of William and Mary's fearsome backfield foursome of Ed Mioduszewski, Bruce Sturgess, Tommy Koller and Charlie Bowman tore Richmond's defense to ribbons today and the Indians annexed an easy 42 to 13 Southern Conference victory.

Only a few times in the second half, when they appeared mesmerized by the expert passing of Bobby Tyler, were the Indians in danger of losing a 28 to 7 lead which they cached before intermission.

TROJANS SMEAR CALIFORNIA, 10-0

Unbeaten Southern Cal Hands Golden Bears 1st Loss

LOS ANGELES, Oct. 25 (AP) — Southern California's Trojans got off to a winging lead on an explosive 69-yard touchdown run by halfback Jimmy Sears and went on to knock the Golden Bears of California off the Rose Bowl trail and out of the ranks of the nation's unbeaten football teams today.

The still - undefeated Trojans blanked the favored Bears 10-0 with fiery but brief scoring bursts in the first quarter — Sears' spectacular return of a punt, and a field goal booted from the 14-yard line by Sad Sam Tsagalakis.

The victory was the sixth straight for the Trojans this season and kept intact their chances for the Rose Bowl assignment against the Big Ten's best on New Year's Day.

The main drama of this game, biggest of the week out here, was crammed into the first quarter.

Sears supplied the first punch when he took a California punt deep in his own territory. He caught it on a dead run, rammed straight up the middle, swerved off and just kept rolling. Not a man touched him.

The stage was set for Troy's field goal when SC marched from midfield to the Bear four. The Bears held for three downs and Tsagalaksis and his placekicking aide, defensive back Harry Welch, trotted onto the field. The boot from a slight angle was perfect.

MOONRUSH COPS MEADOWS DASH

Beats Out Favored Two Lea To Make $23.10 Payoff

SAN MATEO, Calif., Oct. 25 (AP)—Moonrush, 6 - year - old west coast racing veteran, set a new track record today to upset the odds-on favorite Two Lea and win the $50,000 added Bay Meadows Handicap for the third time.

Grantor was third and Blue Reading fourth in the mile and a quarter classic.

Breaking evenly with the seven other distance stars, Moonrush, owned by Anita King and Gus Luellwitz of Beverly Hills, closely followed the pace, responded willingly to Jockey Ralph Neves and moved away in the stretch to win by a half length in 2:01 3-5.

Two Lea, Calumet entry famed for her speed, ran fourth to the stretch then sliced between two horses to threaten Moonrush. But Moonrush's start and the top weigh of 126 pounds aboard Two Lea proved too much for her.

With Two Lea the 3-5 choice, Moonrush paid $23.10, $5.10 and $2.80. Two Lea returned $2.80 and $2.30 and Grantor paid $2.80.

With today's win added to triumphs in 1949 and 1951, Moonrush became history's first three-time Bay Meadows 'Cap winner.

MERRINS SWEEPS INTO LOUISIANA OPEN LEAD

Castillo, Leading Pro, Two Strokes Behind Merrins; Milo Mattinson Three Strokes Off Pro Pace

Eddie Merrins, pint-sized L. S. U. golf team captain, literally burned up the Morehouse Parish Golf Club course Saturday with a 5 under par 67 to take the lead at the halfway point in the annual Louisiana Open Golf Tournament at Bastrop where five amateurs and two professionals posted sub-par scores.

The pro-amateur event Saturday ended in a four-way tie. Prizes were to be given the four lowest teams. A low-ball score of 64 was posted by the following teams: Ned White, Shreveport pro; Bert Weaver, L. S. U. team player, and B. J. Murphy, Shreveport.

Leonard Warren, Lafayette pro; Jimmy McGonagill, Louisiana state amateur titleholder, and Eddie Merrins, L. S. U. golf team captain.

C. D. Smith, Barksdale Field pro; Tommy Morrow, defending champion of the Louisiana Golf Tournament and L. S. U. team player, and Tommy Beard, also L. S. U. golfer.

Milo Mattinson, host pro; Kenny Holt, of West Monroe, and Everett Lawson, Monroe amateur.

Henry Castillo, long driving Alexandria, La., Country Club pro, shot his way into a tie with Amateur Bert Weaver, fine shotmaker and member of the L. S. U. golf team, for the runner-up spot with a blistering 68, four strokes under standard figures, to lead the pros into the third round Sunday morning by three strokes.

Milo Mattinson, the host pro, had a one over par 73 to go with his even par 72 of Friday putting him in a tie for the runner-up pro position with Leonard Warren, Lafayette, who fired an even par 72 to go with his Friday round of 73. Warren and Mattinson have a 36-hole score of 145.

Merrins, former Mississippi state amateur champion, holder of several other amateur titles, and fine shotmaker, put together rounds of 34 and 33 Saturday combined with his first-round Friday score of 73 to pick up nine strokes on the first-round leader, Johnny Myers, to lead the field by two shots.

The L. S. U. captain had six pars and two birdies on the outgoing nine, picking up birdies on the first and fourth holes. On the incoming nine Merrins sank putts on number 12, 14 and 17 for birdies and his score card did not show a boggie during the day's play for the most consistent round of the meet and the lowest thus far.

Castillo, the long driving Alexandria pro, a big gallery favorite and one of the favorites to walk off with the title, put together rounds of 32- 36—68, six shots better than his opening round of 74, to gain the runner-up spot tie.

The likeable Castillo's 32 on the outgoing nine was the lowest nine-hole score of the tournament, and put him in a respectable position to give Merrins a tough go Sunday in the 36-hole final round.

Castillo's card showed an eagle 3 on the first hole, birdies on 2 and 4 and six pars on the outgoing nine. His card coming in showed one boggie, one birdie on the sixteenth hole and seven pars, putting him in the lead of the pros by three shots.

Weaver, playing brilliantly on the outgoing nine, firec a 3 under par 33, and toured the incoming nine in even par figures for a commendable three under par 69.

The steady L. S. U. golf team member's card showed 3 birdies and 6 pars going out, and 2 birdies, two boggies and 5 pars coming in.

Mattinson, dark horse in the tourney, missed a short putt on the 16th green which would have given him undisputed second spot among the pros. Mattinson put together rounds of 36-37—73 Saturday and added to his 72 of Friday puts him 5 shots out of first place and 3 strokes behind Costillo, pro leader.

Warren put together two rounds of even par 36's. His card showed 16 pars, 1 boggie and 1 birdie. With a little better luck on the greens Warren could have finished strong and higher among the leaders. Putts refused to fall, stopping on the lip of the cup or just barely rolling past the hole.

The leader's cards of Saturday:

Par out	545	434	434—36
Merrins	445	334	434—34
Castillo	335	334	434—32
Weaver	435	434	334—33
Mattinson	345	554	434—36
Warren	545	434	533—36
Par in	445	434	534—36-36—72
Merrins	444	424	524—33-34—67
Castillo	445	534	434—36-32—68
Weaver	454	435	434—36-33—69
Mattinson	455	434	435—37-36—73
Warren	445	434	534—36-36—72

John Myers, first-round leader with a 2 under par 70, slipped badly to a 76, finishing up in a four-way tie for sixth place with Jimmy McGonagill, state amateur champ and holder of numerous golf titles; John Finlay, McGuire Park Club, Monroe, pro; and Ned White, Shreveport pro.

The little Bastrop battler, never having the honor of winning a tournament in his own back yard, also had putter trouble on the unusually fast greens. Myers remains one of the favorites despite his poor Saturday round.

McGonagill faltered Saturday, slipping to a 3 over par 75. He had a first-round 1 under par 71.

Finlay also took 75 blows Saturday to go with his 71 Friday.

White, just the reverse of Finlay and McGonagill, had a 71 Saturday and a 75 Friday.

Clyde Nash, recent winner of the Twin Cities amateur golf championship in Monroe, shot the most unique round of the tourney.

Nash had a card of 35-34—69, 3 under standard figures. The Monroe city champ started out with an eagle three on the first hole and had birdies on 4, 8, 10, 11, 12 and 16 which was by far the largest number of sub-par holes carded during the meet thus far. His card also showed boggies on 3 and 9 with a buzzard 6 on number 13 hole. Nash's fine golf moved him to the number ten spot.

Tommy Morrow, defending champion, played brilliantly and posted a sub-par 68, and with his 80 of Friday is in an eleventh place tie with Tommy Beard, L. S. U. shotmaker, and Johnny Potts, also of the L. S. U. golf team, with 148's.

Jackie Doss, L. S. U. team freshman, and Monroe clubwielder, is in fourteenth place with rounds of 76-74—150.

Max Dollar is leading the first flight players with an 83-76—159; followed closely by Wayne Woods, of Monroe, with 85-75—160.

Second flight leader is Gale Carter with 98-95—193. Carter enjoys a 3-stroke advantage over Don Sims.

Byron Nelson To Appear In Monroe

Exhibition And 18 Holes Of Golf Scheduled At Bayou DeSiard Country Club On Saturday, November 1

"Lord" Byron Nelson, the tall, machine like golfer, from Texas will appear in an exhibition match at the Bayou DeSiard Country Club Saturday afternoon, November 1. He will also give a 30-minute golf clinic beginning at 1 p.m., prior to playing 18 holes of golf.

"Lord Byron," as he is familiarly known throughout the world, will appear here under the sponsorship of the Monroe Manufacturing Company, makers of Byron Nelson and Buccaneer Slacks.

Nelson, practically retired from competitive play, holds an all-time winning record in American golf. He has the distinction of winning practically every conceivable tourney humanly possible to win in the world of golf in America, as well as holding several titles outside of the United States.

"Lord Byron" will have as his partner in the 18-hole exhibition match E. S. "Shep" Girault, Monroe businessman golfer who will play against Don January, of Dallas, Tex., and Bill Jones, stellar, long knocking Monroe amateur.

January is well known in Monroe where he has competed in the past two Cotton States Labor Day Invitational Tournaments held at the Bayou DeSiard Country Club.

He won the 1951 Cotton States tourney and was defeated 1 up in 19 holes by Benny Castloo, a teammate of January on the North Texas State College golf team that holds the title of National Collegiate champions. January is rated among the top amateurs of the nation, and is one of the longest hitters in the game.

Bill Jones, winner of numerous tournaments the past years, among them the Twin Cities golf championship in 1951, is a steady golfer and tough to beat.

Girault, a long-time competitor in Northeast Louisiana, but now not competing in tournament play, is also a long knocker and one of the steadiest amateurs in this section of the state. A great competitor.

Nelson has the honor of winning 64 tournaments in golf's big time meetings. He was "in the money bracket" in 113 consecutive major tournaments. In the year of 1945 he won 19 tournaments, 12 consecutively. This record has never been equalled by another golfer. For this achievement he was chosen by the Associated Press as "Athlete of the Year" and holds the distinction of being the only sports star holding this title two years in succession. Nelson was the leading money winner of the year with $52,511, another record which still stands.

In 1946, after 14 years of tough competitive golf, Nelson withdrew from competitive tournament play and went into semi-retirement on his Texas ranch, where he raises thoroughbred Hereford cattle. For the past five years he has been playing exhibitions all over America.

Nelson once said: "Golf has been good to me, but when you reach 35 its time to think about making a home."

"Lord Byron's" rise in the world of golf was slow, and he had many discouraging moments. He turned professional in 1932 at the age of 20. He played the tour in California that year, won a total of $900 and returned home broke. His first tournament win came in 1935, the New Jersey Open. His first "big name" tournament win was the Metropolitan Open in 1936. With this victory came encouragement and inspiration. "Lord Byron" won the Masters in Augusta, Ga., in 1937 and was also named on the United States Ryder Cup team. He seemed to "have it" from then on and zoomed to the undisputed top of the golf ladder thereafter, which position he maintained until his retirement.

As his record shows, Byron Nelson is a superlative golfer and a great credit to the game. His style of play has been copied to a great extent by many golfing stars. His swing is a picture of ease and simplicity. His power of concentration is superb and his game has no weakness.

Nelson, normally modest and quiet, can, and does, come out with many a sad and some funny golf stories of his life on the links.

He has had his share of bad breaks. Typical of the man that he is, was shown in an incident that occurred in the National Open at Cleveland in 1946, when his caddy, shoved about by the large audience, accidently stepped upon Nelson's ball in the fairway. The unfortunate incident cost Nelson a penalty stroke, and he finished one stroke back of the winner, therefore the stroke cost him the championship, which is the biggest crown of all.

Nelson, unperturbed, put his arm around his caddy, and without a word of criticism, just laughed off the costly error.

Once in Spokane, Wash., Nelson appeared at a hotel and asked for reservations, whereby the clerk replied: "Sorry, sir, we are saving all our reservations for golfers competing in the Spokane Open." Nelson chuckled, and said. "I'm Byron Nelson," and with this he was highly welcomed and given accommodations.

Recently a sports columnist on reviewing "Lord Byron's" career said: "Nelson is so mechanically perfect, so uncomplaining about bad breaks, so modest in victory and so gracious in defeat, that he wins the admiration of everyone, both as a player and as a gentleman."

E GATHERS AM IN FINAL HALF; WINS, 21-6

Auburn's Defenses Crumble After Gallant First Half

MOBILE, Ala., Oct. 25 (AP)—Tulane's Green Wave found a second half scoring punch today to down the fighting Auburn Tigers 21-6 for its first Southeastern Conference win of the year.

Stalled for the entire first half by an alert Auburn defense, the Greenies scored two touchdowns in two minutes late in the third quarter, and added another score early in the final period.

Auburn's running attack bogged down in the face of Tulane's stout forward wall, but they took to the air in the final period for an 83-yard scoring drive. Quarterback Dudley Spence fired a two - yard touchdown toss to Lee Hayley for the touchdown.

It was a Mobile boy, Jim Hartridge, 170-pound halfback, who first hit pay dirt for the Greenies. He bowled over from the two after Max McGee set up the scoring play with a 25-yard run.

A minute later, Lester Kennedy took Spence's long punt and ran the ball back 55 yards for the second score. A key block by Ronnie Kent allowed Kennedy to romp over for the touchdown.

A pass interception by Larry Pounders paved the way for the third Tulane touchdown. Pounders lateraled to guard Tony Sardisco who raced to the Auburn 15 before he was downed.

Ray Weidenbacher raced around left end three plays later for nine yards and the touchdown.

Clement made good all three conversion attempts from placement.

The statistics gave Tulane a wide margin in rushing yardage, indicating how effective the Greenie running attack moved once it got started.

Tulane gained 221 yards to 48 for Auburn, but the Tigers compiled a better passing record with 130 yards to 97 for Tulane.

The first half was entirely a defensive struggle. Tulane twice drove inside the 10-yard line only to lose the ball on downs when Clement's passes failed to click on fourth down.

Auburn drove to the six in the second but couldn't put it over.

A crowd of 20,022 watched the game. Auburn thus kept alive a tradition of no Alabama team having ever won a game in Mobile's Ladd Memorial Stadium.

Auburn	0 0 0 6— 6

Army Stumbles After Eisenhower Departs; Lions Earn 14-14 Tie

NEW YORK ,Oct. 25 (AP)—Mitch Price passed Columbia into a last-second tie with Army today, 14-14, in a game witnessed by General Dwight D. Eisenhower and a near capacity crowd of 31,000.

Army appeared to have the game cinched until the very end when John Casella recovered Pete Vann's fumble on Army's 32.

Price passed to Al Ward to put the ball on the 14 and he threw to Ward in the end zone for the touchdown that sent the crowd into a wild demonstration.

General Eisenhower, who attended the game in his capacity as an alumnus of West Point and as the president of Columbia on leave of absence, left at the halftime with Army apparently safely in the lead, 14-7. As a final gesture he trotted across the gridiron and, as the crowd cheered, he saluted the massed gray ranks of Cadets.

Cliff Mapes Returned To Browns In 3-Player Cleveland Transaction

DETROIT, Oct. 25 (AP)—The Detroit Tigers and St. Louis Browns, boon companions at the trading block all this year, made another swap today.

Three players and an unannounced cash sum were involved.

Detroit paid out the cash and two players for an outfielder, Rufus Crawford, 24, who got a reputation as a slugger at Scranton in the Eastern League last season.

Besides the cash, the Tigers gave the Browns Outfielder Cliff Mapes, who was once Brownie property, and utility Infielder Neil Berry.

Crawford, a righthand hitter from Campbell, Mo., weighing 190 pounds, hit 27 home runs for Scranton. In 135 games he batted .289. He stands six feet, two inches.

WISNER EASILY SOCKS GILBERT

Bulldogs Run Wild For Scorching 68 To 13 Triumph

GILBERT, La., Oct. 25 (Special)—The Wisner Bulldogs ran wild here last night in Gilbert's homecoming game, marching over their host eleven, 68 to 12, by captalizing on pass interceptions, blocked punt and bad passes to punters that made it a field day for the visitors.

Wisner's two outstanding runs were a 90-yard jaunt by Norman Childers with a pass interception, and an 80-yard run by Curtis Smith with a kickoff return.

Gilbert's touchdowns were scored by the Ezell boys, Don and Bruce. The first was sacked when Emfinger passed to Don Brocato who lateralled to Don Ezell for the final payoff. Bruce Ezell scored his TD on a 75-yard off tackle play.

Rupert Scott, Paul Morgan, Lea Bondurant and Jerry Morgan were outstanding on defense for Wisner, while Holloway, Wilson, Eugene Arnold and Carl Watts played good defensive ball for Gilbert.

Miss Ann Bostick reigned as homecoming queen. Her maids were Geraldine Tidwell, Silvia Vickers, Quanita Green, Ernestine Perry and Mary Lou Cupit.

IOWA SURPRISES OHIO STATE, 8-0

Hawkeyes Score First Win Of Season In Buck Upset

IOWA CITY, Ia., Oct. 25. (AP)—Iowa touched off a homecoming football bonfire under Ohio State today that sizzled the Buckeyes 8-0 in one of the most outstanding surprises in Western Conference history.

Approximately 45,000 fans trudged into the stadium fully expecting to see Iowa lose its fifth straight contest. In few Hawkeye hearts was there more than deep hope for a victory over the Buckeyes.

For the most part the predominantly Iowa crowd sat in almost disbelief as they watched their favorites pick up a 2-0 lead in the second period on a safety while holding Ohio State outside the Iowa 27-yard line.

But hopes gres grew as Iowa maintained its mastery through the third period which Bernie Bennett enlivened in its late stages with a 44-yard punt return to the Ohio 35. Then the Iowans strained their throats with lusty yells as Iowa drove to the game's only touchdown.

The six - pointer came on Binkey Broeder's punch from six inches out on the fourth down. Jerry White missed the conversion but no one seemed to care.

When it was over the Hawk's carried Coach Forest Evashevski upon their shoulders to the dressing room doors. It was an enjoyable ride. Four setbacks had been the coach's fate in his first year here.

Score by quarters:

Iowa	0 2 0 6—8
Ohio State	0 0 0 0—0

Randy Turpin Gives Up European Middle Crown

LONDON, Oct. 25 (AP)—England's Randy Turpin today surrendered his European middleweight title. He formerly held the world middleweight championship.

Manager George Middleton said Turpin was giving up the European crown because being ordered to defend it at any time might clash with a possible world championship fight.

Turpin is still a triple champion. British middle and light heavyweight, and British Empire middleweight. He won the latter title on Tuesday by outpointing South American George Angelo in a 15-round bout.

Alabama's Crimson Tide football team lost 508 yards on penalties in 1951. Their opponents lost 500 yards.

Mobley, Carr In 'Scientific' Main Bout At Kallio's Arena Wrestling

Villainous Aztec Meets Moran In Tuesday Semi-Final

In the feature wrestling attraction at Gus Kallio's Arena Tuesday night, world light heavyweight champion Rex Mobley meets the well-known Shreveport grappler, Charley Carr.

Carr, who has wrestled here previously, is an excellent "holdman," or scientific wrestler. Therefore, local fans who have witnessed Mobley coping with the very un-scientific tactics of Henry Harrell and Charro Aztec the past few weeks, should see how the champ does in a hard, clean match. Carr, stocky and powerful, can be rough if the situation warrants, but Rex Mobley, a scientific grappler who never starts any trouble, is always capable in meeting it, and will be a good opponent in any style Carr cares to fight.

The match will be a 90 minute time limit, two-falls-to-win non-title bout.

The semi-final two falls to win with an hour time limit, beginning at 8 o'clock, pits Sailor Moran against last week's colorfully robed Charro Aztec. It will be interesting to see how the Mexican mustachio does against Sailor, without the Black Phantom in Aztec's corner to render aid when needed. Moran took severe punishment last week from the tag team of Phantom and Aztec, but he wasn't supposed to wrestle both men at the same time, which he had to do most of the match.

REX MOBLEY, (Above) world's light-heavyweight wrestling champ, meets Charley Carr of Shreveport, Tuesday night at Gus Kallio's Arena.

MAROONS FALL BEFORE 'BAMA

Crimsons' 42-19 Triumph Led By Marlow And Tharp

TUSCALOOSA, Ala., Oct. 25 (AP)—Great work by Bobby Marlow and Corky Tharp, Bama's two star halfbacks, led Alabama to a 42-19 homecoming day victory over outmanned Mississippi State here today.

Alabama was in control nearly all the way, despite three touchdowns by State's ace quarterback, Jack Parker.

Parker was injured on his final touchdown dash, a 7 - yarder in the third period, and State's offense folded after he left the game.

Marlow rammed over two touchdowns and took a pass for another in the opening half. Tharp took over in the second half, getting one marker on a 53-yard run and another on a 45-yard pass from Quarterback Clell Hobson. Bob Conway, Tharps' sub, got the final one on a 4-yard gain.

A fight involving many players came 12 seconds before the end. 'Bama linebacker Ralph Carrigan and State Tackle Joe Cimini tangled in front of the state bench. Officials and coaches finally got them, and a score or so of other players, untangled. Carrigan and Cimini were ejected and the contest ended one play later.

Miss State	7 0 12 0—19
Alabama	7 14 7 14—42

Mississippi State scoring—touchdowns, Parker 3. Conversion, Parker 3; Conversion, Parker.

Alabama scoring — touchdowns, Marlow 3, Tharp 2, Conway. Conversions, Luna 6.

Smith Leads Princeton Past Cornell, 27 To 0

ITHACA, N. Y., Oct. 25. (AP)—Fullback Homer Smith, a line hurdling junior from Omaha, scored three touchdowns today as Princeton's powerful single wing machine sent Cornell reeling to its fifth straight defeat, 27-0.

Once again fumbles plagued Cornell's sputtering offense while Princeton drove for a score in each period in complete mastery of its old rival.

REBELS SHATTER PORKER DEFENSE

Ole Miss Spots TD Then Roars Back For 34-7 Victory

LITTLE ROCK, Oct. 25 (AP)—Mississippi's Rebels handed Arkansas a touchdown in the first four minutes and then roared back with a furious razzle-dazzle that swept them to a 34-7 intersectional football victory here today.

A crowd of 28,000 watched the undefeated Southeastern Conference team power and trick its way to its fourth win against a pair of ties.

Two nifty Mississippi quarterbacks Jimmy Lear and Tommy Spiers, riddled the Razorbacks' defense with 16 pass completions in 31 tries. Each threw for a touchdown and, together, they pitched the ball for 258 yards.

But when the Rebels weren't moving the easy way, they were driving through or racing around the inept Porkers for big ground yardage.

While the Mississippi blocking left little to be desired, it was the superb faking of Lear, Spiers and their backfield mates on wide pitchouts that played the key role in a rushing attack that matched the aerials for brilliance.

It's own overhead game spoiled by butterfingered receivers and three interceptions, Arkansas had only a spectacular fullback to crow about today. That was Lewis Carpenter, who netted 99 yards on eight runs and caught five passes for 79 mores.

Mississippi	14 7 0 13—34
Arkansas	7 0 0 0— 7

Mississippi scoring: Touchdowns, Howell, Westerman, Dillard, Spiers, Bridges; conversions, Lear 4.

Arkansas scoring: Touchdown, Mchan; conversions, Mazza.

Welters Turner, Dykes Meet In Philly Return

PHILADELPHIA, Oct. 25 (AP)—Welterweight contenders Gil Turner of Philadelphia and Bobby Dykes of Miami, Fla., will meet in a return 10 round bout here Nov. 18 at Convention Hall, boxing promoter Herman Taylor announced.

Turner and Dykes fought a crowd-pleasing televised bout in New York last month with the Miami puncher coming back strong in the late rounds to win a split decision. Both boys have been beaten in title bouts by welterweight champion Kid Gavilan in the past year. Gavilan knocked out Turner and took a split verdict from Dykes.

SCARBATH'S AIR SHOW DEFLATES L. S. U., 34 TO 6

Three Touchdown Passes Zoom Maryland To 21st In Row

COLLEGE PARK, Md., Oct. 25 (AP)— Three touchdown passes by the incomparable quarterback Jack Scarbath took the early stubbornness out of Louisiana State today as Maryland rolled to another 34-6 rout and its 21st game without defeat.

The aggressive visitors were giving the country's second-ranked team hard going on the ground before Scarbath unlimbered his pitching arm.

The blond senior from Baltimore completed 11 out of 18 passes for 181 yards before leaving the game with the score 34-0 after eight minutes of the third quarter.

Big and rough Louisiana State looked Maryland squarely in the eye for the first period to trail 6-0. But Scarbath jacked up his Sugar Bowl champions to pull away to a 20-0 halftime lead and then add two quick touchdowns after the intermission. It was the 18th straight victory, six of them this season, for Coach Jim Tatum's pupils.

While the offense was going to town, Maryland's awesome defense holed up the Baton Rouge Bengals until the last two minutes when they scored against the subs.

Maryland lost three of its regular players in the vicious first half. Fullback Ed Fullerton suffered a dislocated left elbow. Halfback Ralph Felton and end John Alderton hurt their legs and none of the three played the second half.

Al Gugilielmo, LSU defensive end, was ejected from the game in the third quarter for piling on Scarbath.

Maryland went 75 yards in nine plays on the opening kickoff to score. Bernie Faloney, substitute back, set it up by running 38 yards on a fake punt and Fullerton went over from the four after a Scarbath pass helped the drive.

Fullerton recovered an LSU fumble on the foe's 13 to provide the next touchdown early in the second period. Halfback Chet Hanulak sped around right end on the first play to tally.

Scarbath cranked up at this point. On three passes he sent the Marylanders booming down field 70 yards to score. The third, good for 31 yards, was a beautiful one-hand catch by lanky Lou Weidensaul for the touchdown.

The split-T magician wasted no time at the start of the second half, taking off in two 70 yard drives the first two times Maryland had the ball. He polished off both excursions with touchdown passes to another end, Lloyd Colteryahn.

Louisiana State, which hadn't held the ball past midfield after the first period, finally broke the ice in the waning minutes. Halfback Al Doggett broke away for a 52-yard run to the Maryland 14 and quarterback Cliff Stringfield passed seven yards over the goal to Wrendall Nealy, an end.

The score by periods:

LSU	0 0 0 6—6
Maryland	6 14 14 0— 34

LSU scoring — Touchdown: Nealy.

Maryland scoring—Touchdowns: Fullerton, Hanulak, Weidensaul, Colteryahn 2. Conversions: Decker 4.

NEW YORK, Oct. 25 (AP)—Gene Burton, a leading contender for the welterweight boxing title in 1947 and 1948, was sentenced today to two and a half years in prison on a charge of selling narcotics.

Burton, 28-year-old Negro, from New York, was convicted on October 13 of selling an ounce of heroin to federal agents last July.

Brocato's Point Kicking Difference As Baylor Nips Texas Aggies, 21-20

WACO, Tex., Oct. 25 (AP)— The deadly accuracy of C. O. Brocato's extra point kicking toe gave Baylor the thin margin of one point it needed to defeat Texas A. and M. 21-20 today before a homecoming crowd of 40,500 at Baylor Stadium.

Brocato, the tall senior linebacker from Shreveport, La., is the man whose field goals and placements have pulled hard-pressed Baylor out of many a hole in his three years of playing here.

Baylor's winning touchdown and extra point came with three minutes to go. Francis Davidson mixed passes and pitchouts to Allen Jones to work the ball down field from his own 34 to the 12. Then he tried a pass, couldn't get it off, and slanted field across field for the touchdown.

Jones had fumbled a pitchout a few minutes earlier to help set up the Aggies' third score. It was recovered by Walter Hill on the Baylor 26, and Don Kachtik rammed and butted over for what might have been the winning points. Walter Hill's placement was good.

Baylor went into the lead early and stayed there narrowly through the third period. Many fumbles were costly to the Bears, whose defense also had trouble holding the slippery Ray Graves.

Baylor took the lead on a perfect pass pegged from Francis Davidson to Charley Smith. It was good for 20 yards and Smith angled across the goal line just inside the flag for the score. Brocato's placement for the extra point was good.

Baylor's second touchdown was a 70-yard on-the-ground drive started by Jerry Coody's 36-yard return of Roy Dollar's punt. Coody rammed through the center of the Aggie line for the score. Brocato's good foot accounted for the extra point.

Score by quarters:

A. and M.	0 13 0 7—20
Baylor	14 0 0 7—21

A. and M. scoring: touchdowns, Kachtik 3. Conversions, Hill 2.

Baylor scoring: touchdowns, C. Smith, Coody, Davidson; Conversions, 3.

Louisiana Tech Marches To 6th Win Of Season Over La. College, 35 To 13

7,000 Fans Jam Ruston Stadium For Homecoming Game

RUSTON, La., Oct. 25 (AP)—Bud McMichaels galloped 48 yards for a touchdown on Louisiana Tech's first play here today to highlight a 35-13 victory over Louisiana College before a homecoming crowd of 7,000.

It was Tech's sixth straight football win of the season and their third in Gulf State Conference play.

McMichael converted to put Tech ahead 7-0 with three minutes gone in the first period.

Tech tallied again after Jackie Martin and James Oliver alternated on moving the ball 38 yards and Jimmy Brown scored on a two yard quarterback sneak. McMichael converted.

Tech's third touchdown came on Russell Rainbolt's 15-yard jaunt midway in the second period. McMichael again converted.

John Warner, Louisiana College halfback, made a 61-yard touchdown run late in the second quarter after receiving a pass from Sonny Clark.

Tommy Woodall intercepted a Clark toss on the Louisiana College 48 to start Tech's fourth scoring march, which ended with Milton Andrews going over from the one. McMichael converted.

A 28-yard aerial from Andrews to Charles Anderson added Tech's fifth touchdown. McMichael counted his fifth straight conversion.

Late in the final period, Clark tossed to Jerry Ward, on the five yard line. Ward scored and converted.

LONGHORNS GORE RICE OWLS, 20-7

Dick Ochoa Sparks Texas Drives But Fails To Score

HOUSTON, Oct. 25 (AP)—Texas' bruising Longhorns slammed over three first half touchdowns today, then dug into frustrate Rice, 20-7.

Dick Ochoa, Gib Dawson, Larry Graham and Billy Quin led the Longhorns on a wild rampage for two periods, but it was the Steers' defensive team that really sealed Rice's fourth straight licking, stopping the Owls on Texas' 25, 5 and 6-yard lines in a second half dominated by the suddenly surging Owls.

Texas played without its defensive wizard, Guard Harley Sewell in that second half, and it was through guard that most of Rice's yardage on the ground came. Sewell was injured near the end of the second period.

Malcolm Kitchens and big Bill Georges led the stout Texas defense in turning back Rice, breaking through to smear passer Dan Drake for yardage twice when Rice was within five yards of the goal line.

Rice never got past its own 44-yard line in the first half outside that one scoring drive—when Drake's passes accounted for more than half the yardage on the drive. His favorite receivers were Daniels and Jack Day, who between them caught eight of the ten passes Rice completed.

Ochoa smashed his way to 116 yards for Texas on 24 carries, Stones' 40 yards on 12 attempts was tops for Rice.

Score by quarters:

Texas	7 13 0 0—20
Rice	0 7 0 0— 7

Texas scoring: touchdowns, Dawson, Quinn, Graham; conversions, Dawson 2.

Rice scoring: touchdown, Daniels; Conversion, Fenstemaker.

Oliver Ties Von Nida To Share First Money In Ampol Tournament

SYDNEY, Oct. 25 (AP)—ED Oliver, Lemont, Ill., shot a 1-under-par 71 today to tie Australia's Norman Von Nida for first place with an aggregate score of 288 in the 3,500 pounds Australian ($7,840) Ampol Golf Tournament.

Von Nida, who took a three-stroke lead into the final round, blew to a 74 over the last 18 holes of the 72-hole grind and now must meet Oliver in an 18-hole playoff for first tomorrow. It was his worst round of the tournament, coming on the heels of 72, 71 and 71 scores earlier.

The rotund Oliver fired his second straight 71, after he began the tourney with a 67, tieing the course record and followed with a 79.

Jimmy Demaret Houston, Tex., shooting a 74 today, tied for second with Peter Thomson, Australi, at 292. Demaret's earlier rounds were 72, 77 and 69.

The tournament's second division will be played in Melbourne in mid-November. Another 3,500 pounds will be the prize money then.

Tomorrow's playoff does not affect the prize money in the portion of the tournament. Oliver and Von Nida will share first and second prizes amounting to 1,250 pounds ($2,800).

Vols Enjoy Field Day At Expense Of Little Wofford For 50-0 Win

KNOXVILLE, Tenn., Oct. 25. (AP)—Tennessee's single wing juggernaut ground out a methodical 50-0 victory over little Wofford today in a hopelessly one - sided football game before 15,000 persons.

Tennessee scored in every quarter, punching over two touchdowns in the first, four in the second, one in the third and added a field goal in the final period for good measure.

The defeat was the worst suffered by Wofford in the six years Phil Dickens has been head coach of the little Methodist college.

Score by quarters:

Tennessee	13 27 7 3—50
Wofford	0 0 0 0— 0

Tennessee scoring: Touchdowns, Kozar, Wade 2, Byrd 2, Oleksiak, Spoone. Conversions, Adams 2, Shires 3. Field goal, Shires.

KANSAS SWARMS OVER MUSTANGS

Jayhawks Roll On Ground, In Air For 26-0 Decision

DALLAS, Oct. 25 (AP)—A thunderous ground attack featuring the mighty Charley Hoag and a puzzling aerial show directed by Jerry Robertson sent Kansas to a staggering 26-0 triumph over Southern Methodist today in an intersectional football game.

The Methodists, great between the 20-yard lines but as punchless as a dead battery in the shadows of the Jayhawkers' goal, were duck soup for the rugged, battering Kansans.

Hoag roared through the impotent Methodist line for 79 yards, Frank Sabatini chipped in with 59 and the other Kansas backs found things easy enough in the worst beating of the season for S.M.U. The versatile Hoag made one touchdown and passed for one. Robertson's throwing kept Kansas drives going.

A crowd of 30,000 saw the game.

Kansas swarmed to 229 yards on the ground and 136 in the air. S.M.U. got 101 rushing and 165 passing with Jerry Norton the keyman in the offense.

Score by quarters:

Kansas	6 7 13 0—26
S.M.U.	0 0 0 0— 0

Kansas scoring: touchdowns, Hoag, Brandeberry, Sabatini, Leoni; Conversions: Hoag 2.

Regulars Rest As Eli Reserves Easily Roll Over Lafayette, 47-0

NEW HAVEN, Conn., 25 (AP)—While most of its regulars rested for next week's Dartmouth game, Yale's most successful football squad since the war, walloped game Lafayette today, 47-0 for its fifth triumph in six contests.

Lafayette, losers of five straight, and scoreless so far this season felt the Eli power just before the first period ended and never recovered.

Score by quarters:

Lafayette	0 0 0 0—0
Yale	0 21 14 12—47

Yale scoring: Touchdowns, Molloy, Woodsum 2, Ralston, Shears, Lopez, Mathias. Conversions, Parcells 5

VANDY SUFFERS ENGINEER MIGHT

Georgia Tech Rambles On To Rout Commodores, 30-0

ATLANTA, Oct. 25. (AP)—Stumpy, squirming Leon Hardeman and sprint specialist Billy Teas teamed with Georgia Tech's ever - powering defense today to give the unbeaten, untied Engineers a 30 to 0 rout of Vanderbilt.

The Tech halfbacks paced the nation's fifth ranking football power to its 20th game without a loss and its 12th straight Southeastern Conference victory. Hardeman scored twice, Teas accounted for one and Fullback Jimmy Johnson the other.

Stymied at the Vandy 20 during the game's last few minutes, the point - happy Tech powerhouse called on Fullback Glenn Turner and he responded with a 20-yard field goal.

When the relentless Tech offense wasn't moving the ball, its devastating defensive platoon was stopping almost completely Vanderbilt's passing game. Alert defenders kept Vandy receivers covered throughout and Tech guards and tackles tormented Bill Krietemeyer without mercy.

They gave the fabulous freshman quarterback one of the few rough afternoons of his brief, brilliant career.

The second - half rout was typical of the Tech attack method of the last two weeks. As against Auburn, the Engineers broke the game wide open after the intermission, rolling up 24 points against the weary Commodores.

Score by quarters:

Vanderbilt	0 0 0 0— 0
Georgia Tech	0 6 7 17—30

Georgia Tech scoring: Touchdowns — Hardeman 2, Teas, Johnson. Conversions — Rodgers 3. Field goal — Turner.

WAR LULLS, BUT FRONT IS TENSE

Allies Poised For Knockout Blow On Central Heights

SEOUL, Sunday, Oct. 26 (AP) — Allied troops repulsed two light Chinese Communist thrusts on bloody Sniper Ridge and Triangle Hill Saturday night and were poised today for new knockout blows at the remaining Red strongholds on those Central Korean heights.

Fighting slackened during the night after 12 days of grinding battle, but front reports said there was no sign that fanatical Chinese resistance was softening.

If anything, it was tougher than ever, reported AP Correspondent John Randolph, due to fresh Chinese troops taking over the defense.

Allied soldiers Saturday drove the Reds off Pinpoint Hill, a major position on Sniper Ridge, and chased the retreating enemy to a honey-comb of bunkers and tunnels on the northern end of the Ridge.

The gain came too late in the day to give assault troops time to mount another attack on the Y-shaped Yoke where the Communists were powerfully entrenched. The Allies disengaged and buttoned up for the night.

At dusk about 300 Chinese approached United Nations forward lines on Sniper Ridge, and 150 more Reds probed Allied positions on nearby Triangle Hill. Both groups were quickly dispersed by Allied artillery fire.

Allied troops hold all of Triangle Hill expect its pinnacle—Pike's Peak—where the Reds are installed in tunnels and bunkers.

Only small-scale fighting was reported elsewhere on the front.

Far to the north, U. S. Sabres shot down two Communist Migs in a jet encounter near the Yalu River on the Korean side of the Manchurian frontier, the Fifth Air Force announced. One of the Red jets, damaged by Allied machine guns, glided across the Yalu and crashed in Manchuria.

A quarter teaspoon of pure monosodium glutamate may be added to a cup of French dressing to help point up salad flavor.

She plans to devote her talk Monday to a discussion of the Passion Play, which she saw in Oberammergau, its original setting, which has long been a popular place with tourists. She will emphasize the Biblical drama itself and the countryside which holds wide attraction.

An added feature of the program will be two vocal numbers by Tommy Spurlock, Northeast State student.

Student handbooks, prepared as a project of Phi Theta Kappa, are to be distributed at the meeting, according to Mrs. Louise Gray Lemeri, faculty sponsor of the organization.

STORM SMALL, BUT POWERFUL

Swirls Across Bahamas, Churns Close To Nassau

MIAMI, Fla., Oct. 27 (AP)—Hurricane Fox, small now but still packing dangerous winds near the center, swirled across Andros Island in the Bahamas today and churned close to Nassau, capital of the British-owned island chain.

The 5 p.m. advisory located the storm's center very near Nassau. The Weather Bureau said it should pass about 25 miles south of that city as it moved northeast at 15 to 17 miles per hour.

The tropical disturbance lost some of its violence passing across Cuba and the change in course removed the threat to Florida. Storm warnings were lowered from Vero Beach south to Key West.

It had reformed after sweeping Central Cuba yesterday with 165 mile per hour winds, cutting a 60-mile path in Las Villas and Matanzas Provinces.

Reports from the devastated area said there had been no deaths and relatively few injuries because of advance warnings. However, floods caused heavy damage to farms.

MORSE CRITICAL OF EISENHOWER

Calls General's Announcement 'Grandstand Political Play'

WASHINGTON, Oct. 25 (AP)— Sen. Wayne Morse of Oregon said today that Gen. Eisenhower "pulled a cheap grandstand political play" in announcing that, if elected president, he would go to Korea in an effort to find a solution to the war there.

Morse resigned from the Republican party yesterday in a speech denouncing Eisenhower's candidacy for the presidency. Morse said that from now on he would be an independent.

In commenting on Eisenhower's pledge last night to make a trip to Korea if he is elected president, Morse said the general knows that "military experts of our government have been to Korea time and time again."

He said inspections of the military program there have been made by Gen. Omar Bradley, chairman of the Joint Chiefs of Staff; Secretary of the Army Pace, Secretary of the Air Force Finletter and other top figures of the Pentagon.

"In my judgment," Morse told reporters, "it is rather presumptuous of Eisenhower to try to lead the American people to think a visit on his part to Korea would have any bearing on ending the War. In these closing days of the campaign we can expect such political dramatics from Eisenhower but the people should not be fooled by him."

F. M. Gates, who is popularly known as the "water man", was made happy when he learned that he was a great grandfather. His granddaughter, living with her Air Corps husband at a U. This being the first relative of the kind, filled the new great grandpa with exceeding joy, in which his wife, a bit more modestly, joined with him.

Another one. This time nearer home. Mr. and Mrs. Tommy Neal are proud to announce that they are parents, since October 21, of a first addition to the family who will be known as Tommie Jean Neal. His arrival was at St. Francis Sanitarium.

Miss Ada Bess Hart, professor of health and physical education at Northeast State received an award from the Ouachita Parish chapter of Red Cross, of which O. N. McNeil is chairman.

The award of merit given was for first aid in a critical case when a companion was bitten by a poisonous snake. The first aid that Miss Hart had learned through the Red Cross, was used by her and probably a life was saved through this knowledge being applied in time.

The League of Women Voters has arranged a highly important meeting for the voting public to attend at 7:30 p. m. Monday in the educational rooms of the First Presbyterian Church. There will be present Gilbert Faulk and Shady Wall, the two local representatives in the lower legislative house and James D. Sparks, member of the state senate, who will explain each of the 34 amendments.

The league is performing a real service through a meeting like this, and is demonstrating its value in a political campaign.

Dear Sir:

I sincerely hope that all of your readers read your fine editorial on constructive argument.

President Truman could well benefit by your fine suggestions. Mr. Sam Rayburn is also in need of instructions on how to debate a party's policies.

We have all heard Mr. Truman's scare talks. He says that election of a Republican president will plunge us into another depression or a third world war. He is careful not to mention who was at the helm of our country in World War Two. Mr. Truman has never permitted any clarification or fixing of responsibility on the Pearl Harbor matter. He would if there were some way he could place the blame on Eisenhower. Truman does not like to discuss the Korean War because he cannot place the blame on the Republican party or Eisenhower.

Mr. Truman has made himself the first six - star general in our history. He committed our troops to war without any declaration of war by the congress. He has established the new precedent for our nation in the conducting of warfare. Mr. Sam Rayburn has said that 40 years of soldiering does not qualify a man for the presidency. Yet Mr. Rayburn does not contest the authority of the man who has set himself up as the supreme military authority in our United States. Certainly, Mr. Truman does not have 40 years of military service to qualify him as the supreme authority in deciding our entry into the Korean War.

There is qualification in Eisenhower's statement that our boys should be returned home and the fighting turned over to the Koreans. There is qualification in recent reports that our boys are fighting with antiquated weapons.

In the event there is a third world war, Korea will be written off as a holding operation. It will be our Wake Island of World War Three.

Our boys in Korea cannot be supplied with our better weapons because the Russians are set for this eventuallity. They would immediately wage war upon us in such strength that our small forces would be overcome and captured and our latest military secrets would become the property of Russia. The president knows that our boys in Korea are supporting a lost cause and are fighting a war that cannot be wholly supported by the United States in our present situation. President Truman would rather sacrifice an American army than admit a military or political blunder. He learned his lesson well under his predecessor.

The farmers should ask themselves whether or not they want leadership that gives them 40 cent cotton. a fifty cent dollar and a son in Korea with pitifully inadequate weapons or want a stable economy, competent leadership and their fighting sons to have an equal chance.

I believe in calm debate on all vital subjects. It is difficult for a citizen to properly demean himself when the boss of the bureaucrats tries to scare the voters into electing his hand - picked successor. Please print in the public forum.

Sincerely,
Arthur M. Le Blanc, Jr.

They will discuss and work out plans for the 1953 summer encampment, scout circus dates, jamboree and the final "Get out the Vote" campaign.

The second committee, leadership training, will be headed by Bob Wurster, scout field executive of Ruston. They will hear plans for training courses in each and discuss plans for improvement.

Merle Edwards, scout executive for this area, will discuss with the group the "Ten Test for Successful Scouting" after which the meeting will adjourn.

Southsiders Report 'Saucer' Appearance

Two southside residents reported "what might have been flying saucers" last night.

Reports came from Mrs. George Copeland and Mrs. Shelby Graves. The two women were together and saw the object at the same time, they said.

"It traveled in a southernly direction," Mrs. Copeland said. She added that it had the appearance of "about a three-quarter moon," and moved at a speed "slower than an airplane."

Mrs. Graves said she didn't think the object was a meteor. "It didn't look like any meteor I ever saw," she said.

The two ladies were walking on South Second street near the intersection of Plum, they said. The object was reported about 11 p.m.

Ruby Nell Causey Bride Of Hal Burnette Barker

Impressive Garden Ceremony Held At Home Of Bride's Parents

Charm and simplicity was the note of the impressive double-ring ceremony on Friday October 3rd at four o'clock in the afternoon, when Miss Ruby Nell Causey, daughter of Mr. and Mrs. Elmore William Causey, Farmerville Road, Ruston, became the bride of Hal Burnette Barker, son of Mrs. Hal B. Barker and the late Mr. Barker of Hillsboro, Tenn.

Rev. Douglas L. McGuire heard the wedding vows spoken in the garden of the bride's home before a white altar backed by miniature pines. Tall wrought iron stands, holding baskets of autumn flowers, formed the background of the wedding scene. Baskets of greenery and flowers were placed at advantageous points throughout the garden.

Preceding the ceremony a program of nuptial music was rendered by Mr. and Mrs. Marshall E. Bretz. Selections played by Mr. Bretz were the traditional favorites, Arabesque by Debussey, Deux Iunaries, by Margiagatli and the wedding marches by Wagner and Mendelssohn. Mrs. Bretz sang "Entreat Me Not To Leave Thee" by Counod and "O Perfect Love" by Willak and at the close of the ceremony "The Lord's Prayer" by Malotte. Mr. Bretz played an arrangement of "Claire de Lune" as soft background music during the ceremony.

The bride came to the altar on the arm of her father who gave her in marriage. She was lovely in her wedding gown of alencon lace. Her ballerina length skirt was over a fluted nylon underskirt. The waist was tight fitted with a round neck line, and with long sleeves ending in calla lily points at her wrists. The finger tip veil of imported French illusion fell in soft folds from a white nylon coronet which was studded with pearls and rhinestones. She carried a white Bible topped with an orchid, surrounded by stephanotis from which fell white satin streamers. Her pearl earrings were a gift from the groom.

Miss Doris Barham of Greenwood, maid of honor and only attendant, was dressed most becomingly in pale pink nylon net over aqua satin. A bandeau of pink and aqua net completed her costume. Her colonial bouquet was pink asters tied with satin ribbons.

Acting as best man for the bridegroom was John Wright of Cookeville, Tenn. The ushers were W. C. Ellis III, Clay, Larry Jordan, Arcadia, Benjamin Wilson and Charles Causey, Ruston.

The bride's mother was attired in gray antique taffeta, with which she wore a necklace of rhinestones. Her accessories of black suede completed her ensemble. Her corsage was white carnations.

Mrs. Barker, mother of the groom, wore a gown of navy blue lace with navy accessories. Her corsage was of pink carnations.

Following the ceremony Mr. and Mrs. Causey were host at a reception. Mrs. Causey greeted the guests, and presented them to Mrs. Barker and the wedding party.

The bride's table was covered with a white linen cut-work cloth. At one end of the table was a wedding cake in the shape of a white Bible surrounded by white tulle and pink roses. In the center of the table tall tapers and pink carnations formed a lovely arrangement.

The punch bowl at the other end of the table was presided over by Mrs. M. Hayne Folk, Jr., Ruston, Miss Betty Risinger, cousin of the bride, invited the guests to sign the bride's book. Mrs. F. O. Adam, Jr., Mrs. R. C. Risinger, Ruston, Mrs. A. M. McMillan, West Monroe, Mrs. James Meeks, Bastrop, Mrs. Carl D. Brooks, Sterlington, and Mrs. J. B. Goss, Shreveport, assisted in the dining room.

Baskets of pink carnations and gladiolus filled the living room where the couple received. On the buffet in the dining room a lovely arrangement of pink carnations and white stock, flanked by white tapers in brass candle holders added to the beauty of the rooms.

For the wedding trip, Mrs. Barker wore a British imported gray flannel suit and a winter white satin calot with black veil which added a striking contrast to her costume. Black suede accessories completed her outfit, and she wore the white orchid from her bouquet.

After a wedding trip to the Ozark Mountains, Mr. and Mrs. Barker will reside in Ruston, where Mr. Barker is a member of the faculty of the Louisiana Polytechnic Institute and Mrs. Barker will continue her studies in the department of music at Tech.

Out - of - town guests included, Mrs. Hal B. Barker, Hillsboro, Tenn., Mr. and Mrs. John Wright, Cookeville, Tenn.; Mrs. Etta Meeks Bossier City, La.; Mr. and Mrs. I. O. Goss, Mr. and Mrs. James B. GENEVIEVE STELLA BIEZA WEDS DAVID LEROY NICOL

Of interest to many friends in Monroe and West Monroe is the marriage of David Leroy Nicol, son of Mr. and Mrs. David L. Nicol, of Dallas and formerly of the Twin Cities, and Miss Genevieve Stella Bieza, the daughter of Mr. and Mrs. Michael J. Bieza of Chicago, Ill. on Saturday, October 4th, at twelve noon in Holy Name Cathedral, Chicago, Ill.

The bride wore a gown of candlelight satin fashioned with a molded bodice with a wide decolette neckline outlined with intricate pearl embroidery with satin sequins in floral and leaf design and filled in with a nude illusion yoke of net. The full paneled skirt with cathedral length train was also embroidered with seed pearls and satin sequins in floral and leaf design on one side. Her veil was finger tip length attached to a cap-let studded with pearls and rhinestones in leaf design. She wore a single strand of pearls with matching earrings, gifts of the bridegroom, and carried a white prayer book topped with three white orchids.

Her maid of honor was Miss Muriel Bjork, Chicago and bridesmaids were Miss Julia Audickas and Miss Gilly Karoblis, both of Chicago. They wore Catalina blue silk shantung evening gowns with matching blue feathered caplets and satin slippers. They wore yellow nylon net mitts and carried bouquets of yellow chrysanthemums and yellow roses with a large single pompom chrysanthemum in the center which was removed and later worn at the reception and dinner dance.

The groom's best man was a fraternity brother of Sigma Alpha Epsilon. Mr. Edward Vidt of Pittsburgh, Penn. and groomsmen were Mr. Stanley Bieza, brother of the bride, Chiago, Ill. and Mr. Ralph Bruns, St. Louis, Mo.

The ringbearer, godson of the bride was three and a half year old Master Michael Murrell of Memphis, Tenn.

The wedding reception, dinner and dance was at Central Park Hall, Chicago at 6 p.m. and attended by 190 guests.

The bride is a member of Delta Sigma Ki and attended Wright Junior College and the Illinois Institute of Technology in Chicago, and was a member of the Alice Stephens Singers.

The groom received his BS degree from Carnegie Institute of Technology in Pittsburgh, Penn., and his Masters degree in chemical engineering from the University of Michigan at Ann Arbor, Mich. and is a member of Sigma Alpha Epsilon, Theta Tau and Phi Lamda Upsilon fraternities. He is also a member of the American Gas Association, American Society of Chemical Engineers and the American Chemical Society.

For the past two and a half years he has been associated with the Illinois Institute of Gas Technology in Chicago in a research capacity.

After a honeymoon trip, overland, to New Orleans, Biloxi and Gulfport and other gulf coast cities the couple will reside in Dallas, Tex. at 4820-A Worth Ave. where Mr. Nicol is now associated with the Southern Union Gas Company.

While residing in the Twin Cities, Mr. Nicol was associated with the Southern Carbon Company, Fairbanks, La. and the Commercial Solvents Corporation, Sterlington, La.

Out of town guests at the wedding besides the groom's parents were his grandmother, Mrs. I. S. Fiellin, Oklahoma City, Okla. and his uncle, Mr. George E. Fiellin, Oklahoma City, Okla. and his great aunt, Mrs. Axel Johnson, Berkeley, Calif.

Also present were Mrs. F. S. Murrell, mother of the ringbearer of Memphis, Tenn. and Mrs. Grace Dillun, Fort Atkinson, Wis., aunt of the bride, Mr. Bruno Dillun, cousin of the bride, and Mrs. John Bredenbacher of Palmira, Wis., cousin of the bride.

Good luncheon: Line four greased individual casseroles with well-seasoned creamed spinach. Break an egg into each and sprinkle generously with grated cheese. Bake in a moderate oven about fifteen minutes, or until the eggs are as firm as you wish them.

Anybody can meet expenses if they try, says a writer. The trick is to avoid them.

Miss Ann Buatt And Jack Cole United In Marriage

Lovely Fall Ceremony Held At First Methodist Church Of Bastrop

One of the loveliest weddings of the fall sesaon was that of Miss Catherine Ann Buatt, daughter of Mr. and Mrs. Scott Buatt, of Bonita, and John Robert Cole, son of Mr. and Mrs. J. M. Cole, of Bastrop, which was solemnized in the First Methodist Church of Bastrop, on Sunday, September 21 at 6 o'clock in the evening.

The bridal couple exchanged the vows of the impressive service before the altar which was decorated with lovely arrangements of Fugi Mums, daisy chrysanthemums, gladiola and huge specimen mums, shading from palest yellow to deep bronze. Huckleberry entwined the altar rail while emerald fern placed on either side of the altar, interspersed with daisy chrysanthemums, and seven branched candelabra holding ivory candles cast a soft glow over the bridal party. Rev. J W.. Midyett performed the double-rng ceremony.

Single specimen bronze mums with gold and bronze ribbons marked the pews for the families of the bride and bridegroom.

While the guests were being seated, Mrs. J. B. Spier, organist, played soft nuptial music, including "Moonlight Sonata," "Sweetest Story Ever Told," "My Hero," "Thru the Years" and "Tenderly."

The candles were lighted by Bobby Buatt, brother of the bride, and Arthur Hope Baggett, of Bonita, while Mrs. Spier softly played "O, Promise Me."

Mrs. Spier accompanied Mrs. Ernest Eubanks, who sang beautifully "At Dawning" and "Because." Bridal chorus from Lohengrin was used as the processional and "Wedding March" by Mendelssohn as recessional. During the ceremony Claire de Lune was played.

The ushers, Allen Hover, Wayne Fowler, John Lane Norsworthy, Eldred Harp and Scott Baker Buatt, brother of the bride, preceded the bridesmaids, Miss Emery Liles, Mrs. Williams Porch, Mrs. Wayne Fowler, and Mrs. Joe J. Turpin, sister of the bridegroom, and Mrs. John Lane Norsworthy, matron of honor, to the altar, where the bridegroom with his father, Mr. J. M. Cole, who served as best man, awaited the bride.

The matron of honor wore a floor length model of champaigne net over satin with strapless bodice of net that formed diagonal folds over which she wore a fluffy net stole. Her Dutch hat and mitts were of the same material as her dress. The bridesmaids wore identical styled dresses as the matron of honor in Flamingo with matching Dutch hats and mitts. All carried nylon net puffs in Flamingo with velvet ribbons and colorful fall flowers.

Little Cherry Turpin, niece of the bridegroom, dressed in floor length dress of champaigne satin with full net overskirt edged in ruffles with bodice of satin with net ruffles in off the shoulder effect, wearing a bandeaux of net ruffles and fall flowers in her hair scattered petals of tiny mums from a Flamingo nylon net puff, identical to those of the other attendants, as she preceded the bride down the aisle.

The bride, given in marriage by her father was wearing the traditional bridal satin and imported Chantilly lace. The bodice was of lace appliqued onto a yoke of nylon net with tiny lace collar. Small covered buttons extended from the neck line in the back to the tight fitting waist line. The long sleeves had points of lace with tiny covered buttons pointing to the wrist. The full satin skirt was appliqued in lace forming points at intervals and extended the full length of the cathedral train. Her veil of nylon illusion, finger tip, was held by a halo cap of lace and pearls.

She wore the traditional something old, something new, something borrowed and something blue and just before the ceremony her father placed a penny in her shoe for good luck. Her only ornament was an antique gold necklace worn by brides in the bridegroom's family for years. Her bouquet was of lilies of the valley and stephanotis, centered with a pure white orchid with white shower ribbons.

The mother of the bride wore a floor length creation of autumn green crepe with rhinestone and steel cut bead trim. Her hat was of lace and crepe in same shade of green. Her corsage was of fall shades of mums and glad buds in keeping with the wedding theme.

The mother of the bridegroom wore a mauve lace floor length model with bead and pearl neckline and lace and taffeta hat in the same shade. Her corsage was of fall shade of mums and glad buds.

Miss Buatt, only daughter of Mr. and Mrs. Scott Buatt, graduated from Bonita High School and received her Bachelor of Science degree from the School of Home Economics at Louisiana Tech. She is a member of Sigma Kappa sorority, serving as president of the Greek letter society during her senior year. She was also a member of the Blue Jackets and Home Economics Club. She is the granddaughter of Mrs. Alma Buatt of Monroe and the late Hunter L. Buatt of Bonita and her maternal grandparents were the late Mr. and Mrs. hCharles H. Fisher of Bastrop.

Mr. Cole, graduated from Bastrop High School, received his Bachelor of Science degree at the Louisiana State University. While there he was a member of the football team and Lamba Chi Alpha fraternity. He is now attending Baylor University college of dentistry in Dallas.

Reception

Following the wedding ceremony the bride's parents were hosts at a reception held in the home of the bride's grandfather, the late Charles H. Fisher, on West Madison Avenue. The reception rooms were decorated with artistic arrangements of fall flowers in the same shades as those used in the church.

The bride's table in the dining room was overlaid with an ivory linen and lace imported cloth. A beautiful floral arrangement of white specimen pom poms and mums centered with white candles and tiny smilax extending the length of the table was the central decor. Crystal and silver compotes held dainty mints. The three tiered wedding cake was reflected from a mirror and was appropriately decorated with lilies of the valley and garlands of roses and topped with a white confection bell from which dainty roses and lilies of the valley fell.

Following their wedding trip to Point Clear, Ala. and other points in Mississippi and Louisiana, the bridal couple will be at home at 4639 Junius, Apt. 4. Dallas, Tex.

Miss Bettye Jo Windham Weds James Lyon Martin

Bridal Couple Exchange Impressive Vows At First Baptist Church Of Mangham

The marriage of Miss Bettye Jo Windham, daughter of Mr. and Mrs. Clell J. Windham, Sr., of Mangham, and Forrest Wellborne Martin, son of Mrs. James Lyon Martin and the late James Lyon Martin of Iron Rock, Ruston, joined two pioneer families of north Louisiana.

The First Baptist Church of Mangham was the scene Saturday, October 18 of the impressive double-ring ceremony with the Reverend C. Walton Jones officiating. His beautifully modulated voice and the sacred words so well chosen made a hallowed ceremony for the young couple.

For sentiment, southern greenery, magnolia leaves, ferns, and fragrant pine branches amid cathedral tapers were used in background arrangements. An arch entwined with fern and white carnations and flanked by tall white baskets of white gladioli was the focal point.

Bennie Hixon of Mangham, and Mr. W. L. Hays of Ruston served as ushers and lighted the candles. Mrs. Ellis Bairnsfather rendered a delightful pre-nuptial program and accompanied her husband, Mr. Bairnsfather in the numbers, "I Love Thee," "Because," and in "The Lord's Prayer" as a benediction. His voice, so full of feeling and expression, created the perfect melodic setting for the occasion.

Miss Windham was given in marriage by her brother, Captain Clell J. Windham, Jr. of San Antonio, Tex. Her wedding gown, a New York original, accented her blonde beauty. It was fashioned of champagne faille taffeta and had a tight fitting jacket with a flaring peplum at the tiny waist. Her small hat was of Ashes of Roses with a circular veil. Other accessories were brown. She carried a small white testament to which were attached the bridal flower, an exotic white orchid, with showers of single tuberoses.

Miss Windham's only attendant was her sister, Miss Elaine Windham. Her entrancing Wood - land pink frock was an identical model to that of the brides. Her accessories were gray and she carried a quaint colonial bouquet of Cynbeneum orchids encircled with dusty-pink tulle.

Mr. Martin was attended by Wilber Brasher as best man.

Mrs. Windham, the bride's mother, wore a glamorous brown taffeta gown with brown accessories. An orchid completed the costume. Mrs. Martin, the groom's mother, was distinctive in an original Paris model, a gray crepe with paillets and pearls at the neckline. Her accessories were black velvet and her corsage, an orchid.

A reception immediately followed the ceremony at the Windham home. White gladioli were placed throughout the reception suite. In the dining room the bride's table held the three-tiered wedding cake beautifully embossed in lilies of the valley and pink roses and the punch bowl. Golden wedding slippers, wedding rings, and miniature wedding bouquets were placed down the length, amid white tapers. Mrs. Clell J. Windham, Jr. and Miss Mary Carl Underwood shared honors in presiding at the punch bowl and Mrs. John F. Johnson served the wedding cake.

Members of each family and friends who had so graciously entertained Miss Windham and Mr. Martin assisted in extending courtesies.

Miss Windham is a graduate of the Mangham High School and studied business administration. She is an esteemed and very popular member of the staff of the Central Savings Bank and Trust Company. Louisville Avenue Branch, in the capacity of a teller. She has been connected with the bank for five years. The Windham family has been associated with the cultural and religious circles of Mangham for years. Her mother was the former Clara Nelson of Lumberton, Miss.

Mr. Martin is a graduate of the Ruston High School, attended Louisiana Tech, and is a graduate of Louisiana State University. He is associated with the Continental Laboratories as a geological logging engineer. He served with distinction for three years with the Seventh Army. His father, the late James Lyon Martin was one of the builders of north Louisiana and was noted for his unselfish efforts in furthering the interests of this section. His mother, the former Mattie Sue Leslie of Arcadia, La., is a musician of note.

Mr. and Mrs. Martin will be at home in Monroe on Arkansas and at Iron Rock, the Martin country home.

The body of Edith Cavell, war nurse executed as a spy, is interred in Norwich Cathedral, England.

Annual Homecoming Day Observed At Quitman Church

Friends joined present and former members of the Quitman Methodist Church Sunday when they came together for their annual Homecoming celebration. A time for old friends of the church to come and re-new acquaintance of former years.

Many out of town guests visited the old home church for the day. Among out of town guests were Mr. and Mrs. Spencer Brooks of Monroe, Mr. and Mrs. N. M. Thomas of Ruston, and Mr. and Mrs. Bo. Cotton of Hodge and many others. The honor guest pastor for the day was the Rev. Moser who had a host of friends waiting to see him and enjoy another one of his services.

This year in particular was a day for thankfulness as much or more than a day of homecoming. This year the congregation had a beautiful newly remodeled church in which to meet, for during the past several months the church has really had a "face lifting."

Two new Sunday school rooms have been added to take care of the growing congregation. Last is the lovely and modern kitchen which is spacious and well arranged. It is complete and is finished in natural color.

A noon day lunch was enjoyed by everyone after which time was set aside for spiritual refreshing in song and music with Mrs. John C. Jones in charge, accompanied at the piano by Miss Emily Watts and Miss Carey Alderman.

Fine Arts Exhibit Held At E. N. Jackson Home

October Event Sponsored By Beautification Committee Of First Methodist Church

Attractive arrangements of autumn fruit, flowers and vegetables were artistically displayed at the Fine Arts Exhibit held Friday in the spacious and beautiful colonial home of Mrs. E. N. Jackson, 209 Roselawn.

This October event was sponsored by the Beautification committee of the First Methodist Church with proceeds to go towards the beautification fund for the Methodist parsonage.

Over 300 ladies of the Twin Cities and surrounding communities attended the exhibit between the hours of three and six o'clock. Mrs. Armand McHenry was general chairman assisted by Mrs. E. N. Jackson, Mrs. Kent Breard, Miss Letia Mae King and Mrs. Alvin P. Andrews.

Committee members were Mrs. A. E. Allen, Mrs. John Breard, Mrs. J. R. Coulter, Mrs. E. P. Cudd, Mrs. G. A. Boyd, Mrs. Dan Dennett, Mrs. David Garrett, Mrs. R. R. Griffith, Mrs. C. C. Lucky, Mrs. H. Murray, Mrs. Florence Powers, Mrs. Jewel McQuiller, Mrs. Douglas Miles, Miss Juanita Porter, Mrs. H. G. Thompson, Mrs. Louis Turner, Miss Elizabeth Langford, Mrs. E. C. Dansby and Mrs. Archie Dickerson.

Ushering guests at the door in the reception hall were Mrs. David Garrett assisted by Mrs. E. P. Cudd and Mrs. Lois Spencer. On the floor length gold leaf mirror in the hall, in a beautiful swans-neck Dresden bowl, was a mass arrangement of apricot hibiscus, native foliage, sumac and gum leaves, fall leaves in reddish to purplish tones and purple salvia, by Mrs. John Breard and Mrs. Scott Hamilton.

Also in the hall was placed a modernistic dried arrangement by Mrs. John Brown which consisted of a hollow cypress knee on thick pine bark. It consisted of cattails, pyracantha and dried colorful leaves.

In the receiving line receiving guests were Mrs. E. N. Jackson and Mrs. Alvin P. Andrews. Also in the living room explaining the individual arrangements were Mrs. C. C. Lucky and Mrs. H. G. Thompson and Mrs. Sue Bedwell.

In the formal living room was Mrs. Dan Dennett's arrangement of red roses in a beautiful cut glass bowl on a white marble top table. At the far end of the living room was an original arrangement by Mrs. C. C. Lucky of pink and red radiance roses with tuberoses and white roses arranged in a pink china bowl imported from Italy and placed on the hand carved marble fireplace.

Capturing the center of interest was an Italian marble top coffee table adorned with lovely corsages made by Miss Sue Bedwell. Unique old fashioned miniature arrangements made by Mrs. V. S. Garnett were placed on gold leaf sconces located above on either side of the mantle.

From the hall guests were invited into the dining room where Mrs. H. L. Johns and Mrs. A. E. Allen presided at the antique cut-glass punch bowl. The punch bowl was surrounded by nosegays of colored tulle centered with small clusters of rose of Montana and floribunda which were made by Mrs. E. C. Dansby and Mrs. Archie Dickerson.

Mrs. W. H. Giles and Mrs. Carl McHenry and Mrs. Neil McHenry graciously offered coffee to the guests from an old English silver coffee service. The silver epergne which enhanced the center of the arranged with white mums and formal tea table was artistically butterfly lilies by Mrs. Douglas Miles.

On the marble mantle in the dining room, blending in with the colors of the portrait over the mantle, was the unusual arrangement of cream colored skeletonized magnolia leaves created by Mrs. Kent Breard.

In the solarium, Miss Letia Mae King received the guests and displayed portraits and paintings by local artists. This group included Mrs. Ray McGruder, Mrs. Ivy Oliver, Charles Copeland, Mrs. Eddie Dalton, Joe Washburn, Allen Trousdale, Mrs. Henry Mayo, Miss Leigh Russell, Mrs. Roy Fisher and Miss Leita Mae King. Portraits loaned by Mrs. Carl McHenry, Mrs. Wm. Wood and Mrs. James A. Noe were also shown.

The gum paneled den held one unusual dried arrangement by Mrs. Jewell McQuiller. An oblong brass container was filled with glycerined magnolia leaves, mimosia beans and day lilies, and dried green hydranga blooms. Offsetting this beautiful arrangement was a three branched brass candelabra holding cream tapers.

The knotty pine paneled kitchen held three arrangements of outstanding construction. A wicker basket was overflowing with dried colorful yellow, bronze, and copper mums, dried magnolia leaves and other dried greenery. Surrounding the basket was an assortment of materials used in arranging flowers. The originator of this basket of flowers was Mrs. J. R. Coulter.

Of distinctive beauty was a tall handblown glass pitcher filled with foliage and blooms of banana plants by Mrs. H. L. Johns.

On the snack bar between the kitchen and breakfast room was an original Halloween arrangement. Miss Florence Powers had carried out the Halloween theme using a black wrought iron three legged pot under which was placed drift wood. On three limbs extending from the base of the drift wood were three witches faces constructed from colorful red, yellow and green peppers. Additional vegetables and fruits of various colors decorated the entirety.

On the early American breakfast room table was a large wicker basket of fruits and vegetables interestingly assorted. Across the handle of the basket were autumn hued berries. Mrs. H. L. Johns was the artist for this center of interest.

On the buffet a wrought iron fruit container held a various assortment of fruits and ivy. Adding to this was a wrought iron candelabra holding cream colored lighted tapers. The artist for this decor was Mrs. Douglas Miles.

The wedgewood blue downstairs master bedroom held four out of the ordinary displays. On the mantle of the fireplace was an immense triangular arrangement of pink radiance roses supplanted at the base with colius done by Miss Juanita Porter.

On the marble top night table between the testered antique beds was a small crystal basket holding pink old dainty Bess roses.

In the rear of the room on the desk was a triangle arrangement of tuberoses, pink roses, gardenias, cactus dahlias, topped by figurines of a blue bird.

A small china compote holding yellow rosebuds centered the console table in the rear of the room. These three lovely displays were done by Mrs. H. G. Thompson.

In the upstairs hall was a beautiful display of interior decorating by Howard Lance of the Delta Decorating Studio. It was of a French Provincial scheme featuring a Louis IV Fruitwood Commode. On the commode was a satin finish brass lamp. The lamp shade and drapery were of identical material. Small early American design featuring shades in tints of brown was used. A group of three water color fruit prints framed in walnut were arranged in a vertical design. Solid brown glazed chintz accentuated the drapery material. This display was arranged by Mr. Howard Lance, interior decorator.

In the upstairs master bedroom the marble top dresser and dressing table held twin arrangements of American Beauty roses in pedestal milk glass containers placed there by Mrs. Louis Spencer and Mrs. Hugh Murray. On the embroidered ruffled pillow cases on the four poster bed there was a red and white nosegay of American Beauty roses by Mrs. Spencer.

In the far corner of the bedroom which serves as the nursery was a child's tea table set for Miss Muffet's tea party. The table was covered with rust tea cloth and napkins and set in rust and white miniature china tea set. In the center was a small arrangement of yellow hued marigolds offset with a Miss Muffet figurine. This tea table display was placed there by Carolyn Thompson. Near this was a whatnot on which had been placed a Little Boy Blue figurine using Rose of Montana flowers made by Suzanne and Yvonne Cason.

In the guest room of pale yellow, Mrs. J. R. Coulter had placed a mixture of garden flowers. Roses, chrysanthemums, dahlias, ageratum and marigolds to illustrate the use of a mixture of flowers when only a few of each variety are available. These were arranged in a yellow bowl and the colors were of blue shades and yellow. The Chinese bedroom held on the ebony topped chest of drawers a Chinese figurine with three baskets. One holding rice straw, the other grains of rice and the third little yellow mums. It stood on a black base with a single yellow taper burning in the background which picked up the color of the flowers. This was the work of Mrs. R. R. Griffith.

Lighted cream colored tapers glowed in brass sconces over the entire house.

Twin City Council Of United Church Women Will Observe World Community Day Friday

Twin City Council of United Church Women will observe its final meeting of the year on Friday, November 7, at 2:30 p.m. in the First Christian Church, Monroe. Mrs. J. N. Riddle is the chairman with Mrs. DeWitt Milam, co-chairman of the day's program to which all church women of the city are cordially invited.

"Peace, life freedom, is not won once and for all; it is fought for daily in many lands and is the result of many individual efforts," Mrs. Franklin D. Roosevelt said in an address on the United Nations recently.

In many ways the speech summed up the feelings of hundreds of thousands of U. S. Christian women who will observe World Community Day on Friday, Nov. 7, under the theme "Building Lasting Peace."

World Community Day, sponsored annually on the first Friday in November by the United Church Women of the National Council of the Churches of Christ in the U. S. A., is observed by women in hundreds of state and local councils of church women. It is the day when the women particularly remember that they are part of "the neighborhood of nations" — and offer their prayers and their gifts as neighbors in the community of the world.

To the World Community Day services in November, the women will bring the gifts they have been making ready all summer—Cartons of diapers, snowsuits, baby blankets and socks, shirts, sweaters, dresses — that will be dedicated as their contribution to peace in the world.

Eome of the things will be new, others will be clothes in good condition that have been out-grown by more fortunate youngsters here. The bundles are destined for children overseas—war orphans in Korea and Japan, DP and refugee children in Trieste, Belgium, Germany, Greece and Lebanon.

The women also will make an offering at the service, part of which will be used to send medicines and vitamins to children overseas, and part for their own Action Program for Lasting Peace.

First suggested in 1942, the initial observance of World Community Day was held in 1943, when 100,000 Christian women signed cards pledging their support of U. S. participation in a world organization and their willingness to accept rationing at home.

And from lands throughout the world, letters have poured in to the New York headquarters of the United Church Women — letters indicating what it means to the home less and the hungry, the refugee and the DP, to be remembered.

A fellowship hour will follow the program in the recreation room of the church.

What is the age of GLAMOUR?

The age of glamour is any age at which a woman's beauty and charm make her most fascinating! She's seldom under "30"...she's usually in her "40's" or older...and she invariably devotes time and care to keep her skin *naturally* lovely and youthful looking... without the use of "cover-up" cosmetics.

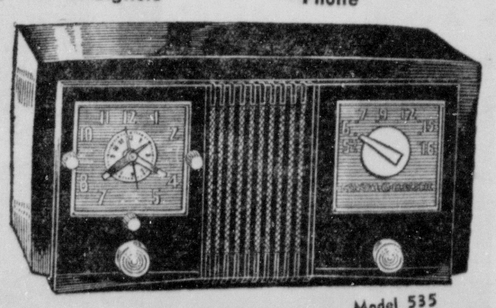

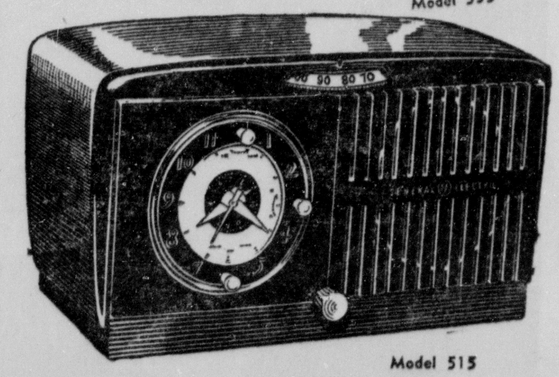

For over 15 years, thousands of women have achieved this *naturally* youthful look with Endocreme... because Endocreme, with its exclusive hormone ingredient "Activol" actually regenerates ageing skin cells and tissue for most women...smooths out lines and wrinkles...firms up the skin ...makes it look more youthful. Isn't it worth finding out for yourself? A full month's supply only $3.50 plus tax.

Mrs. Ed[illegible] Barfield Hostess To Club

On Tuesday night, October 14, the Mangham Literary Club members met in the home of Mrs. Edward Barfield with Mrs. B. N. Boughton serving as co-hostess.

Mrs. Louis R. Westerburg, Legislation chairman, and leader for the night had as her topic for discussion "Living Our Laws."

Mrs. Westerburg was fortunate in securing two distinguished and well - known Legislators as her guest speakers. They were Senator William R. Boles of Rayville, La., and Representative Jodie Stout of Delhi, La.

Mr. Boles spoke first giving a brief explanation of the constitutional amendments to be voted on in the forthcoming November election. The discussion was very interesting as the club members were keenly aware of the significence of their being informed in these important issues.

Mr. Stout urged the members to make a study of the amendments and then "Vote as your conscience dictates." He then related a few of the happenings during the 1952 session of the Legislature.

Mrs. Westerburg, speaking for the club as a whole, expressed the deep pleasure and the helpfulness which had been derived from the coming of Mr. Boles and Mr. Stout to our meeting. The hostesses served refreshments cleverly prepared in colors reminiscent of the approaching Halloween Season.

After the departure of the guest the meeting went into a business session with the new president, Mrs. Kenneth McDonald graciously and efficiently presiding. The club bulletin was read. Discussion and committees appointed for the Chicken Spaghetti Supper to be held in the school cafeteria Oct. 23 from 5 to 7 p.m. There being no further business the meeting was adjourned by the reading of the club collect in unison and the next meeting will be Nov. 11 in the home of Mrs. R. B. Boughton.

And God Spake All These Words . . .

"Thou shalt have no other Gods before me."

"Thou shalt not make unto thee any graven image, or any likeness of anything that is in Heaven above, or that is in the earth beneath, or that is in the water under the earth; thou shalt not bow down to them, for I the Lord thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me; and showing mercy unto thousands of them that love me and keep my commandments."

"Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh his name in vain."

"Remember the sabbath day to keep it holy. Six days shalt thou labor and do all thy work; but the seventh day is the sabbath of the Lord thy God; in it thou shalt not do any work, thou, nor thy son, nor thy daughter, thy manservant, nor thy maidservant, nor thy cattle, nor thy strander that is within thy gates; for in six days the Lord made heaven and earth, the sea, and all that is within them, and rested the seventh day; wherefore the Lord blessed the sabbath day, and hallowed it."

SILLERS TO VOTE FOR GOP TICKET

Militant Truman Opponent, Former Dixiecrat Revolts

JACKSON, Miss., Oct. 24 (AP)—Walter Sillers, speaker of the Mississippi House of Representatives and States Rights leader, announced today he will vote for and support Dwight Eisenhower, Republican presidential nominee.
Sillers, a militant opponent of the Truman administration and one of the top dozen Democratic leaders in the state, thus parted political company with Gov. Hugh White and other state leaders supporting Democratic nominee Adlai Stevenson.
The Rosedale, Miss., planter assessed six reasons for his decision to support Eisenhower:
1. Stevenson's acceptance speech the night of his nomination in Chicago when he said "I accept your nomination and your program."
Sillers said, "We walked out of the 1948 convention because of the vicious anti-Southern, socialistic, civil right and fair employment practices platform. The 1952 platform on which Stevenson is running is much stronger and far more objectionable."
2. The "program" of the Democratic party advocates repeal of the Taft-Hartley Act which would destroy the "only protection the public and union members have against the abuses of power drunken, greedy labor leader racketeers."
3. The "program" is of an administration reeking with "corruption, graft, extravagance and waste and will not be cleaned out if you keep those in power responsible for it."
4. The administration tolerates the "Nth" degree of Communist activity but shows no mercy in its smear tactics against senators, congressmen and others who would rid the country of the enemies of freedom.
5. The "program" is one that piled up $260 billion debt that called for "confiscatory" taxation second only to that of Great Britain.
6. Ignoring Congress, the Democratic administration "with authority of law plunged the country into the Korean War."
Sillers, who was foremost in the ranks of the States' Righters who led Mississippi overwhelmingly against President Truman in the 1948 election, said:
"I cannot give my endorsement to such an administration nor can I vote for candidates who do. I stand where I stood in 1948 . . . and will not forsake principle for political expediency."
He closed a prepared statement by saying:
"For these and other reasons I shall not vote for Stevenson but will cast my vote for Gen. Eisenhower, a great soldier and a great patriotic American whose speech in Memphis Oct. 15 was the best States' Rights speech and offers more hope to farmers, to the South and to the American people of anything I have heard since the campaign of 1948."

Lots of youngsters get a smart crack for making one.

Bible Words to Live by

My favorite Bible verse is ROMANS 1:16.

* * *

"I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth."

* * *

More young ministers have used this text for their first sermon than any other text in Scripture. Romans one-sixteen may not be equal to John three-sixteen in its hold on the affection of mature Christians, but it does contain the essence of Christianity in a nut shell. In this text Paul states his conclusion that the gospel of Christ is superior to all current religions in the pagan world. This is God's revelation of himself and contains good news fitted to every man and every age. The Christian evangel is world-wide, Cross-high, sin-deep, vast in its range, and adequate to meet the total human situation.

A class for children is held on Sunday afternoon at 4:00 p.m.

These classes are provided for people interested in acquiring some knowledge of the Episcopal Church. They provide an excellent opportunity for all Episcopalians to "brush up" on their Church's teaching. Anyone desiring to be confirmed in the Episcopal Church can be prepared to do so by attending these classes. Attendance at any session does not imply an obligation to be confirmed.

The Episcopal Church cordially invites you to attend some of these sessions.

Martin of the Monticello community became the bride of 1st Lt. Orlando Nicholas Hamilton, son of Mr. and Mrs. O. N. Hamilton of Lake Providence, Monday afternoon, Oct. 20, at four in the afternoon, at the First Baptist Church in Lake Providence.

Rev. C. A. Martin, pastor, officiated at the double-ring ceremony.

This, the first wedding in the new Baptist church, was in a setting of distinctive charm with floor baskets of yellow and bronze chrysanthemums mixed with asparagus fern and native greenery forming the background.

Mrs. Herman Schwartz, presiding at the console for the nuptial music, played "I Love You Truly," "At Dawning" and "Always" during the seating of the guests. Wagner and Mendelssohn marches were played for the processional and recessional and "O Promise Me" for exchange of vows.

Given in marriage by her father, the bride's youthful blonde loveliness was enhanced by a tailleur of grey wool with belted jacket and navy accessories. Her corsage was an orchid.

Mrs. Helen Pilgrim Whitehead, sister of the bride, was her only attendant. She wore a tailored grey gabardine suit with navy accessories, and her corsage was of feathered white carnations.

Mr. Hamilton served his son as best man.

The bride's mother wore a navy blue hammered nylon tailored model with black accessories, and her corsage was of pompon bronze mums. The groom's mother chose a tailored black model with black accessories. Her shoulder corsage was of lavender mums.

After the bride's graduation from the Monticello high school, she attended Northwestern State College, Natchitoches, where she was a member of Tri Sigma sorority, and where she received a degree as laboratory technician. After completion of her internship at Mercy Hospital, Vicksburg, Miss., she joined the staff of the Lady of the Lake, Baton Rouge, where she was employed until her marriage.

THURSDAY AT THE JOY — Bonzo enjoys his own piano artistry in this scene from Universal - International's new comedy, "Bonzo Goes to College."

'Because You're Mine' Rich In Laughs, Song

At the Paramount Theatre this week's big screen news is that Mario Lanza is back in another great singing role to rival that of his "The Great Caruso," which proved one of the biggest box-office smashes of the past decade. This time he stars in MGM's "Because You're Mine," a happy blend of song, romance, comedy and Technicolor, which gives Lanza a modern role as fresh as today's headlines and a splendid opportunificent array of songs ranging from operatic arias to popular hits.

When the story of "Because You're Mine" opens, Lanza again young opera star — but not for long. For Uncle Sam knocks on his door and the $5000-per-week singer suddenly finds himself a private in the infantry! In laugh-loaded sequences the bungling private attempts to master the intricacies of basic training, then craftily wins the friendship of his touch sergeant (James Whitmore) by promising to aid the singing career of the latter's sister (Doretta Morrow). This leads to the picture's romance, but subsequent contretempts land our hero both in the doghouse (romantically and in the guardhouse (physically). It's all ironed out in the end, however, in a jubilant climax of song and love to the melody of the title hit, "Because You're Mine."

Lanza proves himself equally at ease in the uniform of a U. S. A. private as in the costumes of the Caruso saga, and is an ingratiating comedian as well as a delightful romantic figure. His impressive voice ranges from such operatic selections as "Addio Addio" and "Questa O Quella" from "Rigoletto," "Miserere" from "Il Trovatore," "Casta Dive" from "Norma," "O Paradiso" from "L'Africana" and the Finale from "Cavalleria Rusticana," to Brhams "The Song the Angels Sing," "Lee-Ah-Loo," "Granada," "Mama Mia, Che Vo Spe," "You're in the Army Now" and a stirring version of "The Lord's Prayer," sung in the Army chapel. Another highlight is his singing of Jerome Kern's "All the Things You Are" in a romantic scene with Doretta Morrow.

Miss Morrow makes her screen debut in the new offering, following her stage triumph in the Broadway musical hit, "The King and I." A decidedly photogenic brunette with a splendid singing voice, she also proves more than adept at filling her acgint requirements opposite Lanza and will undoubtedly be seen in many another Metro musical. Together with the title song, which she sings in duet with Lanza, Miss Morrow scores with the Cahn-Brodzsky hit, "Be My Love," and with Cole Porter's lilting "You Do Something To Me."

The tough top sergeant of the sotry is played by James Whitmore in a tailor - made portrayal by the actor who first won screen fame in another G. I. role, that of the formidable sergeant in "Battleground." And this time you'll hear not only his barking voice but his singing voice in a hilarious rendition of an aria from "Il Trovatore." It has to be heard to be believed!

Others in a uniformly fine cast include Paula Corday as Lanza's jealous leading lady, Eduard Franz as the opera impresario, FJeff Donnell as Whitmore's resourceful girl General's lady, who is instrumental in bringing Lanza's romance to a joyful climax.

"Because You're Mine" benefits from the felicitious direction of Alexander Hall, who has kept his story moving at a lively pace and has interpolated his musical interludes with naturalness and logic. The new picture boasts the production guidance of Joe Pasternak, who has produced each Lanza picture to date, and who seems to possess the uncanny ability of making each new one superior to its predecessor.

Girls Scout News

Today instead of telling our readers about all the camping experiences of last week end, we're going to save that for awhile, while we catch up on other timely news.

Were all of you in church this morning in uniform, or are you planning to go with your troop tonight? On the first day of Girl Scout Week it is fitting that Scouts everywhere short that they, are very much aware of their duty to God. Elsewhere in the paper today is a picture of one Scout troop going to church together. We know there were many, many more.

Do all of you know why Girl Scout Week is the week that contains Hallowe'en? Why, Juliette Low, founder of Girl Scouting in the U. S. A., was born on that day. After her death, the date was chosen to show the public what Scouting is all about. It is interesting to know that Troop 34 has two members who share the same birthday with Juliette Low, Mrs. S. C. Strausser one of the leaders, and Sarah Womack, one of the girls. Wonder how many others in the Twin Cities?

To call attention to what Girl Scouts do, each day of the week is devoted to some special field. Sunday, church day, reminds of the ethical code as expressed in the Promise and Laws. Monday calls attention to the homemaking field. Tuesday is citizenship day; Wednesday, health and safety. Thursday is the day when Scouts especially remember their friends around the world. Friday is arts and crafts day, and Saturday out-of-doors day, perhaps the favorite of all the girls.

In the Twin Cities there will be window displays on DeSiard Street portraying activities for the different days. This newspaper is carrying a picture each day. Look for them and show them to your friends.

For next Saturday, out-of-doors day, the Girl Planning Board, at its first meeting of the year, made plans for a work day at camp. Girls from intermediate troops may come to camp with leaders or parents for several hours of work and play.

Mrs. A. E. Bishop, who is adviser for the planning board, tells us that the board will have its November meeting at camp Saturday at 11:00 o'clock. Each girl who comes to camp Saturday should bring a permission slip, a drinking cup, her own lunch, and five cents for a cold drink or a hot one, according to the weather. Proper dress will be blue jeans, sweater and or jacket, a scraf for the head, boots or galoshes if it rains, which doesn't seem likely.

Everybody will gather at the flagpole at 10:00 o'clock to choose jobs. After about an hour's work for everybody, there will be time for play. If the day is cold, there will be a fire in the fireplace and one outdoors, too, so that everyone can be comfortable.

The camp committee and members of the council will be on hand at camp this afternoon between 2:00 and 5:00 o'clock to welcome visitors who wish to see the camp. Girls from Troop 28 will raise the flag at 2:30 and take it down at 5:00 as the only scheduled activity. Visitors may come at any time, look around as much as they please, and leave whenever they like.

Again the camp committee emphasizes that the distance is just right for a Sunday afternoon drive and the whole family from the youngest to the oldest, is invited.

Here again are directions for reaching camp. After crossing the Sterlington bridge, drive for a half mile to the Girl Scout sign pointing to a gravel road on the right. Turn there and follow signs for four or five miles to camp.

Hope you'll be there!

The Home Shift

BY MILDRED SWIFT

You know, I was thinking last night — I'll bet there's not another parish in Louisiana that can boast of two women on their school board who possess both brains and beauty. Of course, I'm referring to Annie Gray Noe on the City Board and Leta Tisdale on the parish. I'm happy to get the woman's touch in our local offices and I'll wager the men on the two boards feel the same way. Especially women who are so well informed on affairs of the day. Anyhow—

There's not a place on earth or heaven,
There's not a task to mankind given,
There's not a blessing or a woe,
There's not a whisper yes or no,
There's not a life nor death nor birth,
That has a penny's weight of worth
Without a woman in it.

Food For Overseas

You can send fruit cake and candy overseas and it will get there in perfect condition, regardless of how long it takes. Mrs. Tom Fant sent candy that was four months en route and fruit cake that had been canned one year. For full directions call me at 3-2251. It takes too much space to release here.

Food News

If you plan to can some pecans start now. Remember if you wait until after Christmas the oil in the nuts has started aging. When they're heated the oil turns rancid and the product is not usable.

Food plentifuls are honey, raisins, poultry, apples, turkeys and grapes. The time is not too far distant when you can purchase superconcentrated grape juice.

Household Hints

Marshall Hicks, interior decorator from New Orleans says to use cotton table damask for draperies and slip covers. He says to wash the material, first, and leave it rough dried for the covers. He suggests tinting this for draperies or slip covers, too. Last summer at Farm and Home Week, Mr. Hicks told us to use tarleton for curtains for apartments or rooms where the homemaker couldn't spend but very little money.

Camille Hancock and I have a similar problem — we need to touch up some wood work and we can't get the color mixed to match our present color. Wouldn't we have been smart if we'd bottled a little of the original paint for just such an emergency? Don't you make our mistake.

Garden Notes

The ride to Ruston is worth taking, just to see nature's gorgeous fall colors along the highway. I've never seen the sumachs such a brilliant crimson. The small bushes, in some areas, seem to make a crimson carpet.

There's a cypress tree in the Layton yard on South Grand street that boosts almost every fall color. Carol said the other day she wondered why more gardners did not plant this tree. Then she decided it must be because it doesn't afford much shade.

I was looking at trellises at Carey Holmes last week, planning on using them for some pink climbing columbia roses. Mr. Carey said, "Why don't you just use a big stake about four or five feet high, tie your rose to it, then let it fall over like a big bouquet?" That started me thinking and looking. Found lots of pictures of roses treated in that manner in the monthly garden magazines. Really, they're lots prettier and more natural looking. Mr. Holmes beat himself out of a sale, though.

Just received a new bulletin on "Use of Sawdust for Mulches." This is what I learned and if you use sawdust you'll need to know that — in decaying, sawdust uses up the available nitrogen in the soil. This loss of nitrogen causes plants to grow off slowly and often turn yellow. So — if you use sawdust for mulch or soil improvement add one-half pound of ammonium nitrate for each bushel basket of sawdust used. The chemists strongly recommend the use of sawdust for getting needed organic matter in our soils.

Pottery which contains plants that need water often "sweats." A coat of shellac on the outside of the pot will seal the pottery pores and stop this "sweating."

Contrary to the usual conception, house plants do not require rich soil. In fact, because large size isn't wanted, the soil should be of low fertility.

My — Look how much space I've used. See you next Sunday in this same column.

NEWS FROM THE PUBLIC LIBRARY

With the first cool days of fall, there is a renewed interest in the reading of books and patrons rush to the four branches of the Ouachita Parish Public Library, hoping to find new and interesting titles. In the past few weeks quite a number of new books have been added to the collection of the Ouachita Parish Public Library. There are books here to appeal to every type of reader.

"Confessors of the Name" by Gladys Schmitt is a magnificent recreation of life and thought in the last days of the spectacular and corrupt Roman Empire. There is an unforgettable love story in the romance of a patrician, Facorinus Herennius and the Christian girl, Paulina. This is an absorbing and thoughtful book, which should mean much to one who reads it.

In "The Commancheros" Paul Wellman goes back to the same setting and period of our history, which he used so successfully in "The Iron Mistress." This is the story of those men who moved to Texas in the hope of winning an empire and found this empire threatened by the raids of the Commancheros, the most deadly of the Commanche Indian groups. We read here of the organization of the Texas Rangers of their daring exploits to bring peace and order to the territory. This is a book which will appeal to all lovers of action. Mr. Wellman writes well and this should have great popularity.

"Plow the Dew Under" by Helen Fernald is the story of the Palevskys and their neighbors from the Crimea, who came to Kansas to plant in broad new fields their precious grains of hardy red wheat, The Kansas settlers looked at this group askance and it was a long time before they found acceptance. This is the story of the children of the second generation and how they were determined to be good Americans and of how love showed them the way.

"Karen" by Borghild Dahl is another story of the emigrants who helped build our middle west. Karen was from Norway. She Emigrated to the United States in the 1870's and began working as a servant. Intrepid, hardworking and honest Karen, lived to become a leader of her community.

"Jemima" by Oriel Malet is a delightful and sympathetic story of adolescence and the seventeenth summer of a young girl who was sent to Paris, because her family did not want her at home. It will appeal especially to teen-age readers and also to their parents.

An interesting book of essays is "The Days Before" by Katherine Anne Porter. They are beautifully written and largely autobiographical in nature. "I never thought we'd make it by Ernest Havemann and George Love is a delightful rollicking story of an immigrant family and their indomitable mother. "Tallulah" by Tallulah Bankhead is a very frank and plain autobiography. Admirers of the actress will surely want to read it.

GIRL SCOUTS ATTEND CHURCH—Today in the Twin Cities the above scene is being repeated at many churches. Members of Troop 2 are shown ready to attend services in a body at the First Baptist Church, West Monroe. ® FLASH GORDON by Mac Raboy and Don Moore

SURROUNDED BY THE HIDDEN FOLLOWERS OF STANG, THE SELF-STYLED "KING" OF VENUS, FLASH REALIZES IT IS HOPELESS TO RESIST. HE HOLDS ALOFT HIS RAY-PROJECTOR AS A TOKEN OF SURRENDER--AFTER FIRST SECRETING A SMALL FLAME-GUN IN HIS CLOTHING!

WITH A SUDDEN BEATING OF THEIR WINGS, THE VENUSIAN TREE-MEN SWOOP DOWN FROM THEIR HIDDEN PERCHES. IT IS AN EERIE SIGHT, AND DALE CANNOT RESTRAIN A CRY OF FEAR AND SURPRISE. *"KEEP CALM,"* FLASH URGES HER. *"IF EVER WE NEEDED CLEAR HEADS, NOW IS THE TIME!"*

THE THREE CASTAWAYS FACE THEIR CAPTORS. STANG'S FIRST COMMAND DISMAYS FLASH. *"SEARCH THEM!"* HE ORDERS. HOPING TO DIVERT STANG, FLASH BLURTS A QUESTION: *"AREN'T YOU THE ROCKET PILOT FROM EARTH WHOSE EXPEDITION TO THE MOON WAS LOST IN SPACE?"*

"LOST? I DON'T MAKE MISTAKES!" STANG SNAPS BACK. *"I SECRETLY PLANNED TO REACH VENUS AND BECOME ITS KING--AND I HAVE!"* FLASH'S RUSE SUCCEEDS AS STANG SAYS NO MORE ABOUT SEARCHING HIS CAPTIVES AND ORDERS THEM BOUND WITH VINE-ROPES.

MOTIONING HIS AIDE, THE TITIAN-HAIRED VIKKI, TO FOLLOW, STANG TAKES OFF, AIR-BORNE BY HIS JET PUSHER. AND TO THEIR SURPRISE, FLASH, DALE AND ZARKOV SUDDENLY FIND THEMSELVES BEING TOWED BY THE VINE-ROPE BONDS HIGH ABOVE THE RAIN-FOREST! AFTER A FEW MINUTES OF FLYING, A STRANGE SIGHT LOOMS IN THE DISTANCE. THEY SEE A FANTASTICALLY BEAUTIFUL CASTLE OF COLORED PLASTIC SURROUNDED BY A WIDE MOAT OF BURNING LIQUID!

PROM home permanent needs no neutralizer!

new automatic neutralizing gives better curl with half the work

TROUBLE-FREE! NO TIMING WORRIES! PROM'S new automatic neutralizing ends neutralizer nuisance and clock watching. Simply apply PROM'S one wonderful waving lotion as you roll up your curls on any home permanent curlers. Rinse with plain water 30 minutes later. As your hair dries naturally on the curlers, automatic neutralizing puts your perfect PROM permanent in to stay!

NO STRAGGLY ENDS! Because it's automatic, PROM'S fail-proof neutralizing reaches every last end, so straggly hair can't happen. With permanents that need dabbed-on neutralizers, you're never sure of reaching the innermost hair on every curler and often get half-way results. PROM'S thorough method always gives the more natural wave you want—with every end in a springier curl.

BETTER HAIR CONDITION! After it is rinsed, PROM neutralizes itself naturally, with only the help of air as your hair dries. This gentle process is *better for your hair*. Leaves it in better condition than any other permanent. And this means that *any* style you set, lasts longer with a PROM.

GUARANTEED TO "TAKE!" Even if other waves have failed, PROM is guaranteed to "take" beautifully every time and to look lovelier longer than any other permanent—or your money back!

3 types of PROM—one just right for your type of hair

$1.50 plus federal tax

Use any home permanent curlers

1 FOR NORMAL-TO-WAVE HAIR: PROM Regular. Perfect for most women.

2 FOR HARD-TO-WAVE HAIR: PROM Super. Also for a curlier permanent and ideal for children's resistant hair.

3 FOR EASY-TO-WAVE HAIR: PROM Very Gentle. Also for hair with some natural curl, bleached or tinted hair.

you'll look prettier with a PROM

The PHANTOM

By LEE FALK and WILSON McCOY

SHH-- DON'T YOU WANT TO BE CLEAN AND PRETTY WHEN HE COMES?

THE ANNUAL VISIT OF THE PHANTOM. A GREAT DAY FOR THE WAMBESI

HOW ARE THINGS WITH THE WAMBESI THIS YEAR, WEMBA?

EXCELLENT. THE TRIBE EAGERLY AWAITS YOU, O GHOST WHO WALKS.

AT THE JUNGLE'S EDGE, THE WAMBESI WITCH DOCTOR MEETS THE PHANTOM--

DON'T THE PEOPLE EVER CATCH ON TO THIS MUMBO JUMBO?

NO. ONLY WE WITCH DOCTORS KNOW THAT THE PHANTOM IS NOT IMMORTAL, BUT A MAN.

BUT THIS "MUMBO JUMBO" HELPS KEEP THE PHANTOM PEACE IN THE JUNGLE.

THEY ENTER A LONG UNDERGROUND TUNNEL--

THE WAMBESI AWAIT YOU COME, O GHOST WHO WALKS!

THE WITCH DOCTOR HURRIES BACK TO THE WAITING CROWD. THERE IS AN EXPLOSION OF SMOKE ON THE EMPTY PLATFORM--

WELCOME, O GHOST WHO WALKS!

AND THEN THE PHANTOM APPEARS, AS IF BY MAGIC!

GOSH, THAT STORY HE READ TO ME ABOUT HIS GREAT-GREAT AUNT JULIE, THE FEMALE PHANTOM, WAS FASCINATING.

MEANWHILE, DIANA IS ALONE AND BORED--

THIS WAS HER COSTUME. I'D LOVE TO PUT IT ON, AND SLIP INTO THE JUNGLE AND HAVE SOME FUN. I DON'T THINK HE'D MIND.

THE NATIVES FLED IN PANIC FROM THE "SPIRITS", AND TARZAN QUICKLY FREED THE DUMBFOUNDED ACTOR. "YES, IT'S TRUE," HE SOOTHED. "NOW HURRY-- BEFORE THEY RECOVER."

"OUR TRAITOROUS ARAB GUIDES KIDNAPPED IRENE-- THOSE NATIVES ATTACKED THE CAMP-- CAPTURED ME--I--"

BUT RINGO FALTERED. HIS ORDEAL AT THE STAKE PROVED TOO MUCH, AND HE FELL INTO A FEVERISH COMA.

TARZAN CARRIED RINGO TO THE DISTANT VILLAGE OF CHIEF BOLI, HIS FRIEND. "-- NURSE HIM, CURE HIM IF YOU CAN-- I WILL RETURN."

... ALONE, TARZAN NOW SEARCHED FOR IRENE WEBB. AND MUCH LATER HE CAME ACROSS A GRUESOME SIGHT-- AN UGLY BULL APE CARRYING A HALF-DEAD ARAB, A MAN HE RECOGNIZED AS A FORMER MEMBER OF THE MOVIE TROUPE!
